 This article is designated for administrators.

About

You can require end-users to review and accept a Terms of Agreement disclaimer before uploading or publishing content.

Please note that displaying different disclaimer messages based on a user's country is not supported.

Configure

1. Go to your Configuration Management console and click on the **Disclaimer** module. You can also navigate to it directly using a link:

https://{your_site_URL}/admin/config/tab/disclaimer.

Customdata

The Disclaimer page displays.

Configuration Management

Disclaimer		
enabled	<input type="text" value="No"/>	Enable the Disclaimer module.
disclaimerProfileId	<input type="text" value="20921552"/>	The disclaimer custom data profile id.
disclaimerField	<input type="text" value="Accepted (listType)"/>	Which custom data field is required to be checked when uploading or publishing media?.
disclaimerText	Fill in the text to show in the disclaimer text box above the disclaimer checkbox. Use [b]foo[/b] - for bold, [i]foo[/i] - for italic, [a href="#">list here <div style="border: 1px solid black; height: 100px; width: 100%;"></div>	
agreeText	<input type="text" value="I agree to the above terms and co"/>	Enter text to display beside the 'accepts the terms of agreements' checkbox. <i>Note: Does not apply to the theming upload page and KMSgo Mobile app.</i>

2. Configure the following:

enabled - Set to 'Yes' to enable the module.

disclaimerProfileId - Enter the custom data profile ID for the disclaimer.

disclaimerField - Specify the custom data field that must be checked when uploading or publishing media.

disclaimerText - Enter the text that explains the purpose of the disclaimer checkbox (see [example below](#)).

You can use BB code to format your text. Click the link provided in the module for the [full list](#) of supported tags, or use the examples in the BB code tags section [below](#).

agreeText - Enter the text displayed next to the checkbox, indicating the user agrees to the terms.

The disclaimer feature does not apply to the Theming upload page or KMSGo Mobile app.

displayArea - Choose from the following options:

- **Before Upload** - The disclaimer is displayed before users can upload content. After accepting the disclaimer, upload options become available and the checkbox cannot be unchecked.

- **Before Publish** - The disclaimer is displayed on the upload and edit media pages as part of the metadata. Depending on the `agreeRequired` setting, users may be required to acknowledge the disclaimer before publishing. Once accepted, the checkbox becomes read-only and cannot be unchecked.

When **displayArea** is set to **Before Upload**, the disclaimer is displayed only for standard media uploads and not for the following entry types:

- Express Capture
- Wochit Video
- Interactive Video
- Interactive Video Paths
- Video Quiz

Users creating content through these entry types are not required to accept the disclaimer before proceeding.

agreeRequired - Relevant only when **displayArea** is set to **Before Publish**.

- 'Yes' - Users must select the disclaimer checkbox before the media can be published.
- 'No' - The disclaimer text is displayed, but no checkbox is shown and no user acknowledgment is required.

3. Click **Save**.

Example

Below is a sample configuration and the resulting user experience.

Configuration:

disclaimerText

Fill in the text to show in the disclaimer text box above the disclaimer checkbox. Use `[b]foo[/b]` - for bold, `[i]foo[/i]` - for italic. [Full list here](#)

```
[b]By uploading content to Acme Media Solutions, you agree that:[/b]
[list]
[*]You own the rights or have permission to share the content.
[*]You are responsible for the content you upload, and it must not be
inappropriate or illegal.
[*]You consent to our use of your content as described in our Privacy Policy.
Acme Media Solutions may use, display, and distribute your content on our
platform.
[*]We reserve the right to remove content or terminate services at any time.
[/list]
```

What the user sees before uploading content:

By uploading content to Acme Media Solutions, you agree that:

- You own the rights or have permission to share the content.
- You are responsible for the content you upload, and it must not be inappropriate or illegal.
- You consent to our use of your content as described in our Privacy Policy.
- We reserve the right to remove content or terminate services at any time.

By checking the box, you agree to these terms.

Once the box is checked, the upload screen displays:

Knowledge Center Home Our Categories Our Products Resources Multimedia Library Contact us Resources + Create Search

By uploading content to Acme Media Solutions, you agree that:

- You own the rights or have permission to share the content.
- You are responsible for the content you upload, and it must not be inappropriate or illegal.
- You consent to our use of your content as described in our Privacy Policy.
- We reserve the right to remove content or terminate services at any time.

By checking the box, you agree to these terms.

Upload Media

Drag & Drop a file here
or

[Choose a file to upload](#)

All common video, audio and image formats in all resolutions are accepted.

BB code tags

BB code is a simplified version of HTML that lets you format your messages without affecting page layout. Here's a list of basic BB code tags you can use to format your text:

Remember:

- Don't put spaces between the bracketed code and the text you are applying the code to.
- The end brackets must include a forward slash ([/list])

Format	Usage	Example usage
Bold / italics / underline	[b]	[b]this text is bold[/b]
	[i]	[i]this text is italic[/i]
	[u]	[u]this text is underlined[/u]
Color	[color=Option]value[/color]	{color=blue}this text is blue[/color] [size=Option]value[/size] = size

Size	[size=Option]value[/size]	[size=+2]this text is two sizes larger than normal[/size]
Alignment	[left]value[/left] [center]value[/center] [right]value[/right]	[left]this text is left-aligned[/left] [center]this text is center-aligned[/center] [right]this text is right-aligned[/right]
Bulleted list	[list]value[/list]	[list] [*]list item 1 [*]list item 2 [/list]
Font	[font=Option]value[/font]	[font=courier]this text is in the courier font[/font]
URL hyperlinking	[url]value[/url] [url=Option]value[/url]	[url] https://knowledge.kaltura.com/help [/url] [url= https://knowledge.kaltura.com/help]Knowledge Center[/url]
