

How can I change my profile picture?

 This article is designated for all users.

1. Log into your smart.newrow.com account.
2. Click the profile image or the drop-down next to it.
3. Select **Profile**.

The profile image window opens.

4. Click on the image.

5. Browse your device and select the new image you want to add.
6. Click **Open**.
7. Your image uploads.
8. Click **X** to close the profile window.
