Persistent Cookies

Last Modified on 02/22/2021 7:03 pm IST

Kaltura MediaSpace supports persistent cookies to maintain the user login-state.

The KMS administrator has 2 options to choose from, for the user login-state:

- A specific session length
- A persistent cookie which will give users endless session time (until cookies are deleted)

⚠ Opening links from PowerPoint (when SAML or SSO configured) is supported.
