

Enable Newrow Module

In order to have access to the Kaltura Meetings live room, the Newrow (Kaltura Meetings) Module must be enabled in the Configuration Management backend page.

Enable Newrow Module (For Kaltura Meetings)

Administrators of an organization must go to the Configuration Management page to enable Kaltura Meetings to be accessed.

1. Go to the Configuration Management page
2. Type in Newrow in the search bar
3. Click *Yes* to enable Newrow (for Kaltura Meeting)

The screenshot shows the 'Configuration Management' page with a search bar containing 'Newrow'. A red arrow points to the search results. The 'Newrow' module is selected, and its settings are displayed. The 'enabled' dropdown is set to 'Yes'.

Module Info	Version	3.6
Description	Newrow Module allows you to open a Real Time Room from the Kaltura Media Gallery, User Private Room and from Newrow KAF by Kaltura Resource (Check Newrowkaf Module). The Newrow Live Room enable you to play Kaltura content in the room and automatically upload recorded session to Kaltura.	
Setup Guide	To complete Newrow Setup you just need to enable the Newrow module. All the configurations and account creation on Newrow's side has been done automatically by enabling the module. In settings you have the ability to open Newrow in a new browser tab by setting the newrowOpenInNewTab to Yes. If not, then the Newrow Room will open within the Kaltura page.	
Integration	When the Newrow module is enabled, all users will be able to enter the Newrow room from Media Gallery / Channel. A 'Launch Live Room' button will be shown next to the 'Add Media' button. You have the ability to control if the button will appear by default or not. In the Live Room you will be able to Search & Play Kaltura Content synchronously with all the participants by clicking 'Tools' -> 'Kaltura'. If user decides to record the session, the final recording will be uploaded to the related Media Gallery / Channel. Newrow implement KAF endpoint that launch Live Room by Kaltura Resource ID or Kaltura Event ID (Check Newrowkaf module for more info)	
XapiIntegration	Newrow support xAPI Integration for Newrow Quiz Results, User join, User left. The functionality need to be set by Newrow Administrator.	
enabled	Yes	

Adjust Newrow Module Settings (For Kaltura Meetings)

Administrators of an organization can adjust the settings of how Kaltura Meetings is accessed and configured.

- **Open in new tab** - If yes, Newrow will open in a new tab, unless it will open in the same page
- **Enable Live Room button by default** - When set to *Yes*, the *Launch Live Room* button will appear in all Channels/Media galleries. This default setting can be overridden in Channel/Media Gallery settings.
- **Enable user private Live Rooms** - If Yes, users will be able to access personal room from the header user menu (not from Add New drop down). Available to allowed users only.
- **Account owner email - Account admin email** - will be the account owner in Newrow
- **Allowed users or roles**
- **Override Newrow logo**
- **Enable multiple personal rooms**
