

Will the new Kaltura Video Editing Tools support clipping and trimming media with Captions?

Last Modified on 08/03/2020 9:34 pm IDT

Yes. Videos with captions may be edited, however, we recommend that you finish editing the captions on the source before taking any editing actions (both Save and Save a Copy).

Note that for Cielo 24 Captions, after performing a Trim or when accessing the clip of such media, you will no longer be able to edit the captions using the Cielo caption editor. If you are using the Transcript Module, it will not display after the media has been Trimmed, or on a clip.
