

How do I make sure I unpacked the plugin correctly?

Last Modified on 08/06/2020 5:36 pm IDT

Make sure you follow the instructions specified in the readme file, and that you see the following directories (in addition to all other related directories):

```
wp-content/plugins/all-in-one-video-pack/admin  
wp-content/plugins/all-in-one-video-pack/images
```
