About

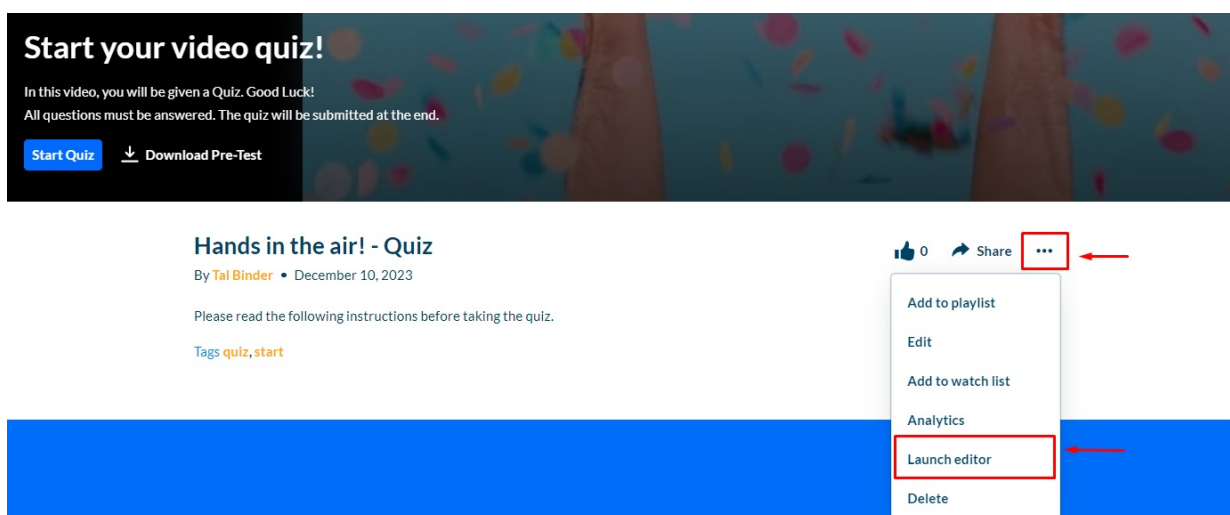

As a media quiz owner or co-editor, you can easily copy a quiz using Kaltura's [Video Editor](#).

Things to know

- Quizzes that haven't been submitted can still be edited, including options to Save (Trim) or Save a Copy (Clip).
- For quizzes that have already been submitted, you can only use the Save a Copy (Create a Clip) option.
- YouTube videos and YouTube video quizzes cannot be copied because they don't integrate with the Kaltura Video Editor.

Access the video editor

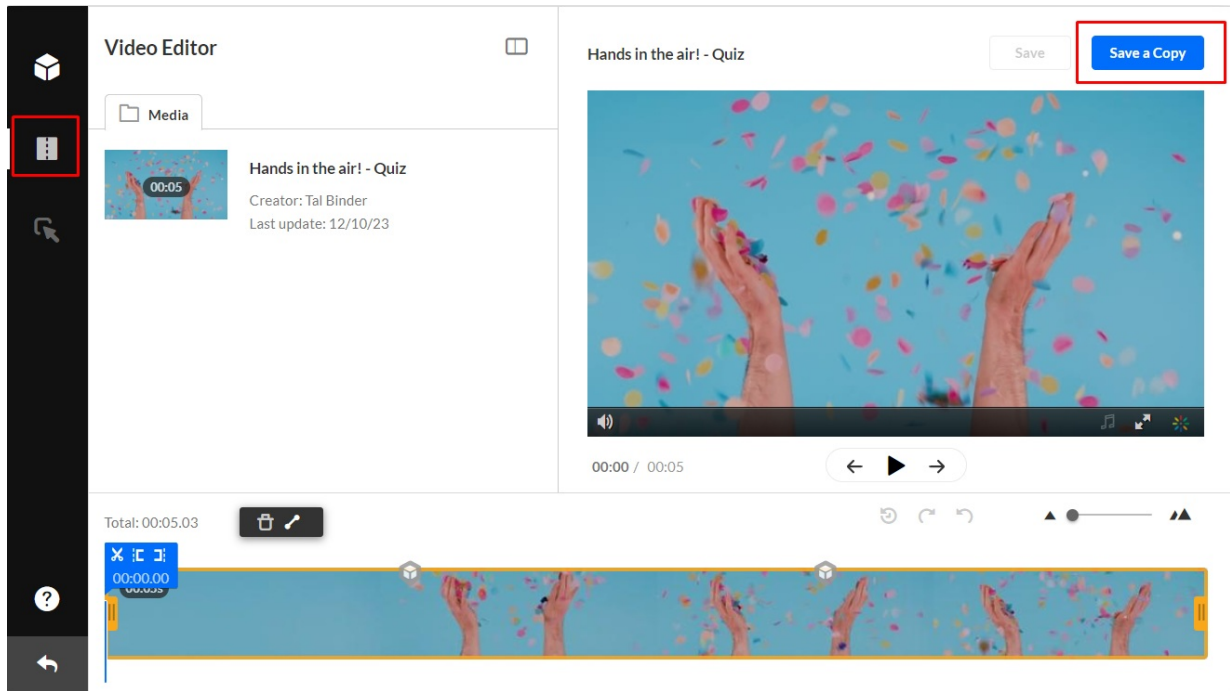

1. Locate the video quiz you want to copy.
2. Click the **three dots menu** under the player and select **Launch Editor** from the drop-down menu.

The video editor opens.

Copy your quiz

1. Click the **Video Editor** tab in the left sidebar and click **Save a copy**.

2. Enter a title for the new media.

Save a Copy of the Media

Enter a title for the new media

3. Click **Create**.

A new cloned quiz entry will appear in your [My Media](#), ready for use!
