

## Presenters module

Last Modified on 06/04/2026 3:06 pm IDT

 This article is designated for administrators.

### About

The **Presenters module** allows you to add users to show as presenters to show on top of media entries.

Once enabled, on each edit entry page, a new tab will show, allowing the owner of the entry to add a presenter.

 This module replaces the [kwebcast](#) presenters, and deletes any users already used in [kwebcast](#) entries.

### Configure

1. Go to your Configuration Management console and click on the **Presenters** module.

You can also navigate to it directly using a link:

[https://{your\\_KMS\\_URL}/admin/config/tab/presenters](https://{your_KMS_URL}/admin/config/tab/presenters)

<a href="#">Onedrive</a>
<a href="#">Personalprofile</a>
<a href="#">Presenters</a>
<a href="#">Publish</a>
<a href="#">Reach</a>
<a href="#">Recorder</a>

The Presenters page displays.
