

Basic Configuration Overview

Last Modified on 05/06/2026 8:38 pm IDT

OVERVIEW

A Kaltura Professional Services consultant will go over the account's configuration to ensure it complies with Kaltura's best practices. The Kaltura consultant will also review relevant new features and advise on how to optimize your use of the product.

This process is recommended for Kaltura customers from the 2nd year onwards.

This service can be chosen for any product.

Objectives

- Review the admin page/s setting.
- Understand the administrator's capabilities in the Rich Media Content Management System.
- Learn how to extract quick analytics to make sense of your data.
- Explore new Kaltura features to ensure you are leveraging these throughout the year.
- Go over your day-to-day workflow and see how it can be improved!
