

# Custom Training

Last Modified on 10/05/2021 12:23 pm IDT

## OVERVIEW

In this session, we will have an open conversation and provide valuable insight on how to optimize your Kaltura product based on customers' use cases and workflows.

## Objectives

- Understand best practices on how to apply the product capabilities to the organization's needs.
- Initial assistance with configuration and settings.

## Agenda

Topic	Instruction:
Greeting/ Introduction	
Open conversation	Discussion based on customer internal sync.
TBD	Custom session based on customer decisions.
Getting Help / Questions
