 This article is designated for Kaltura's Flagship Events customers

### About

The Search page allows attendees to search content in the virtual event platform. Search specific content with the title, description, tags, custom metadata, channels, and more. The search bar appears on the platform upper right corner and is persistent across all platform pages.

### Search Results

The search results page allows attendees to search content in the virtual event platform. Search with the title, description, tags, custom metadata, captions (if applicable), channels, and more.

The screenshot shows the Kaltura Search Results interface. At the top, there's a search bar with the text "product" and a "Found 34 results" indicator. Below the search bar, there are filters and sorting options. The main content area displays a list of search results, each with a video thumbnail, title, description, and keywords. The results include:

- Product Road Show**: Built with the utmost flexibility in mind, the Kaltura Video Content Management System is the underlying platform for our out-of-the-box video [products](#). Keywords found in: 2 Tags [Show More](#)
- Future of Video Analytics**: Kaltura's Advanced Video Analytics platform was designed with a single goal in mind: to help users make sense of their video data. From real-time, to live and VOD - across all [products](#). Keywords found in: 2 Tags [Show More](#)

On the right side, there's a section titled "3 Channels Found" with three buttons: "Enterprise Learning", "Videos In Education", and "Communication and Collaboration".

### Search Results Filters

The search filters are based on the custom metadata fields (see Entry Page Guide). Once an attendee checks a box in the filters, he/she will get the sessions that have the applicable values in the selected custom metadata field.

## Deliverables

Depending on the number of sessions you have in your event, it is recommended to have 3-5 global search filters (e.g., Topics, Session Level, Session Type, Industry, and Languages).

The screenshot shows the Kaltura Search Results page. At the top, there is a search bar with the text "product" and a "Found 34 results" indicator. Below the search bar are three filters: "Filters", "Search In All Fields", and "Sort By Most Recent".

The main content area is divided into five columns of filters:

- Media Type:** All Media, Video, Quiz, Audio, Image, Webcasting Events, Room, Interactive Video.
- Webcasts:** All Webcasts, Live Webcasts, Upcoming Webcasts, Recorded Webcasts, Archived Webcasts.
- Ownership:** Any Owner, Media I Own, Media My Group Owns, Media I Can Edit, Media I Can Publish.
- Captions:** All Captions, Available, Not Available.
- Duration:** Any Duration, 00:00 - 10:00 min, 10:00 - 30:00 min, 30:00 - 60:00 min, Custom.

Below the filters, there are three video results:

- Product Road Show:** Built with the utmost flexibility in mind, the Kaltura Video Content Management System is the underlying platform for our out-of-the-box video products. Keywords found in 2 Tags. [Show More](#)
