

## Q&A Message Board

Last Modified on 10/31/2023 4:06 pm IST

The chat message Board enables moderators to publish Q&As to all the attendees in the moderated context. Moderators can publish FAQs during a live session for all attendees to see and publish general Q&As on a channel page even before the event starts to make information more accessible to attendees.

See [Chat and Collaborate Widget > Live Stage](#).
