Add content to a media gallery from a shared repository in Canvas (legacy)

Content updated: 01/24/2022

This article is designated for all users.

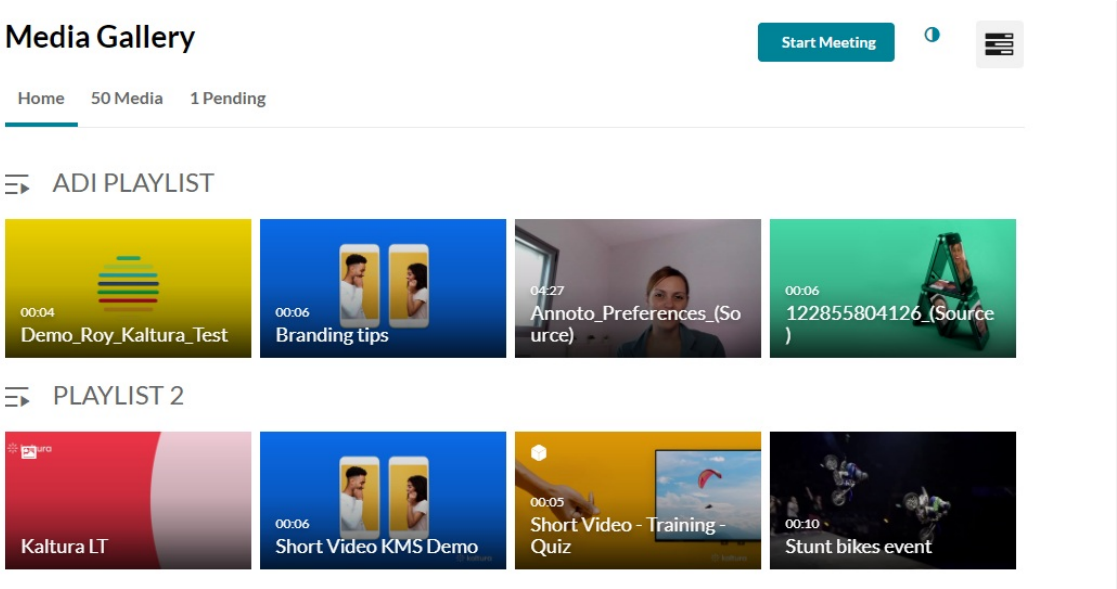

About

The **Shared Repository** is an institution-wide media library where educators can access and share media content. Any media added to this repository is visible to all educators, allowing for easy sharing of resources across courses.

Educators can browse, search, and filter media within the repository to find what they need. Once they find the right content, they can select and add it to their own course's Media Gallery or use media contributed by others. This process makes it simple to reuse valuable media across different courses.

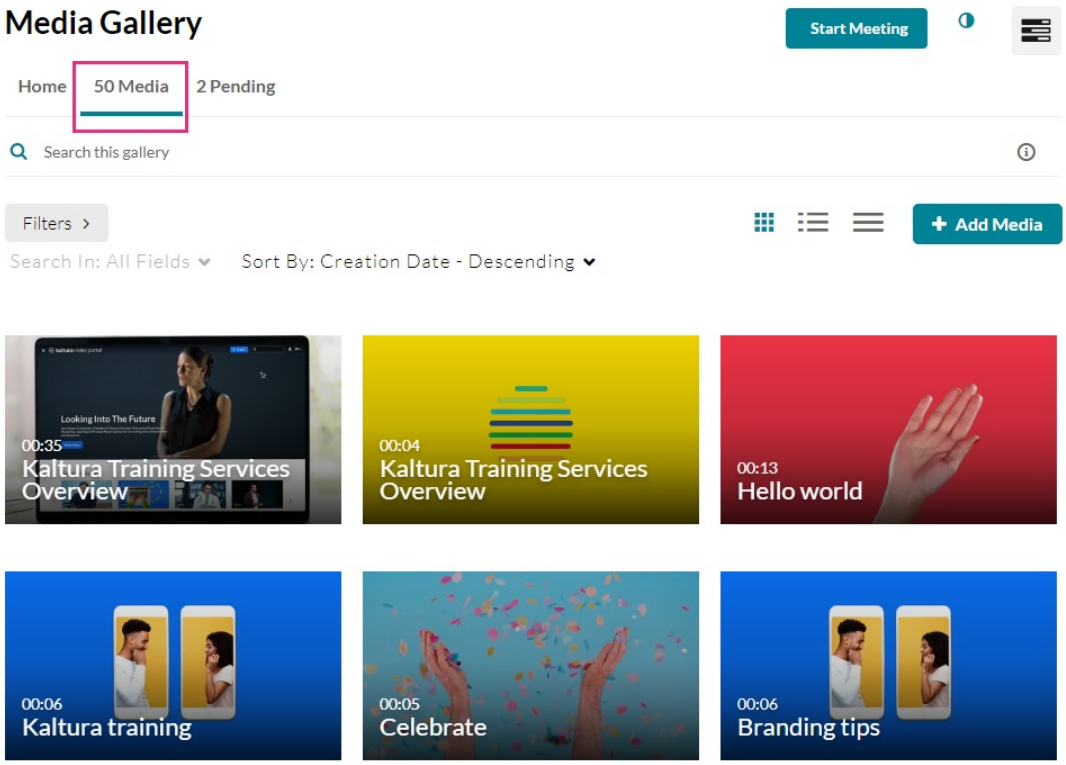

Access the shared repository

1. Access the Media Gallery.

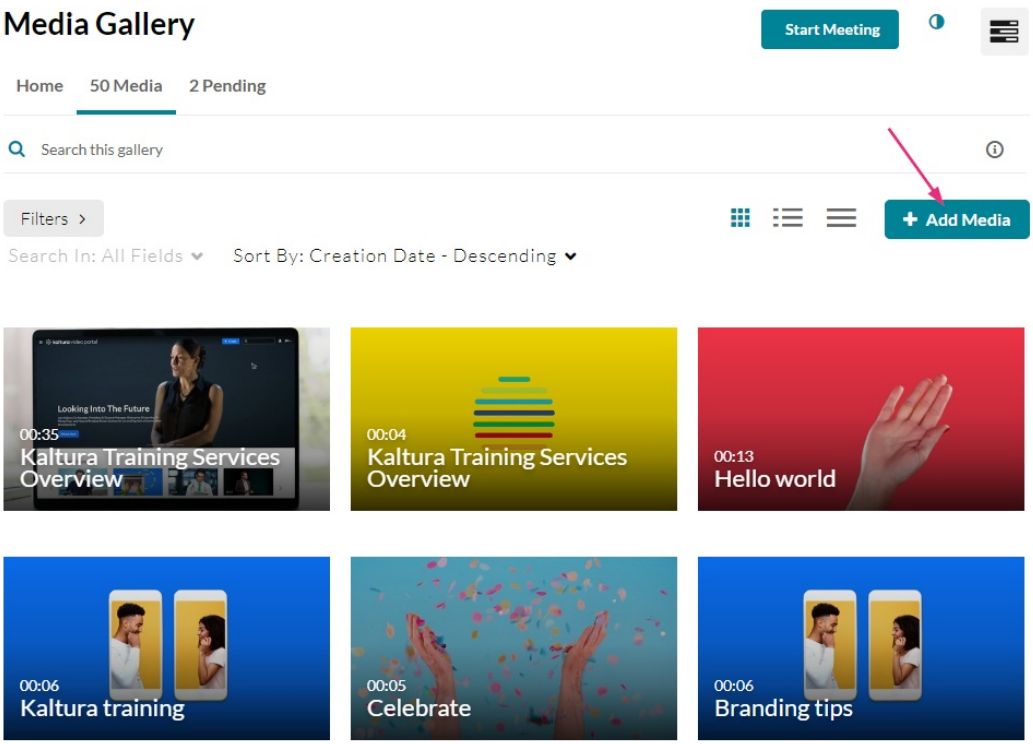

2. Click on the **Media** tab.

Copyright © 2025 Kaltura Inc. All Rights Reserved. Designated trademarks and brands are the property of their respective owners. Use of this document constitutes acceptance of the Kaltura Terms of Use and Privacy Policy.

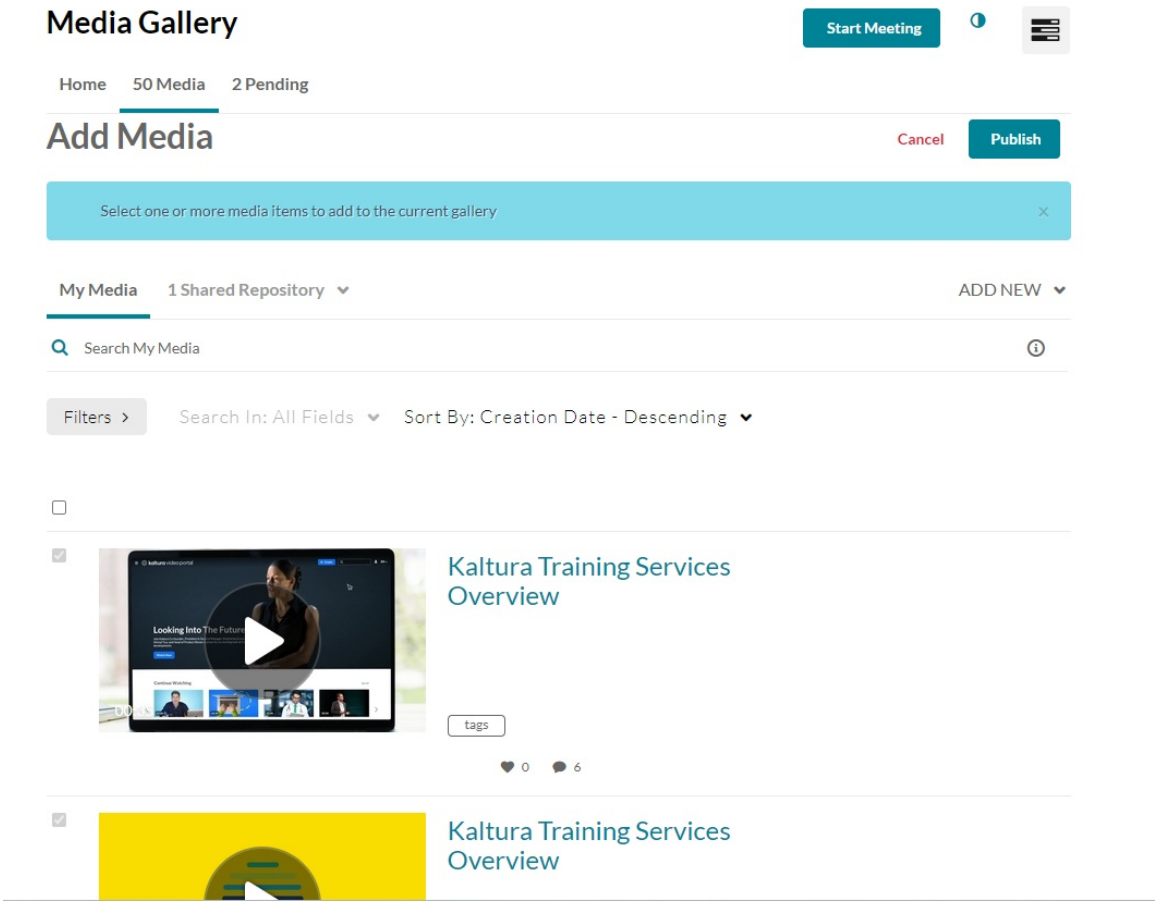

The Media page displays.

3. Click **+ Add Media**.

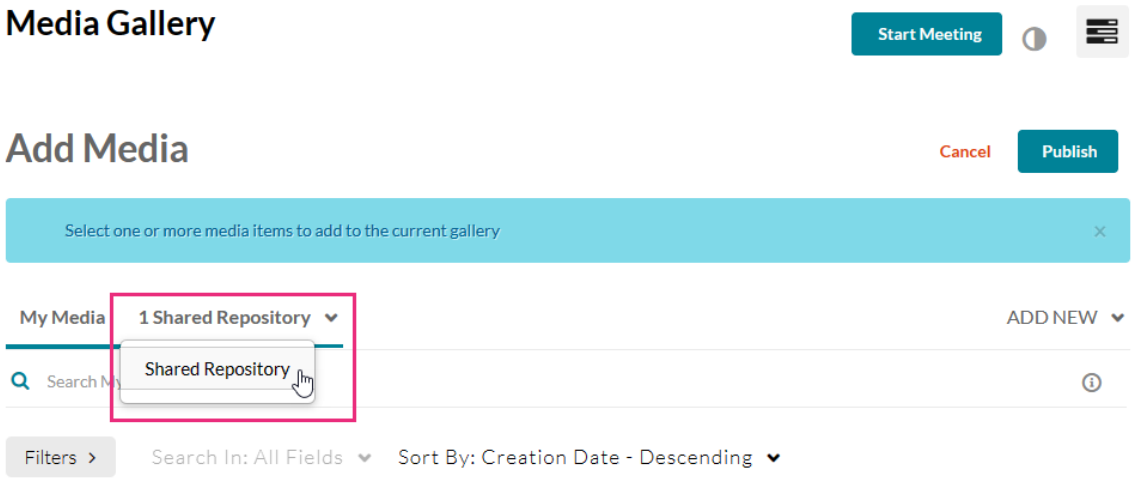

The Add Media page displays.

The content of the shared repository displays.

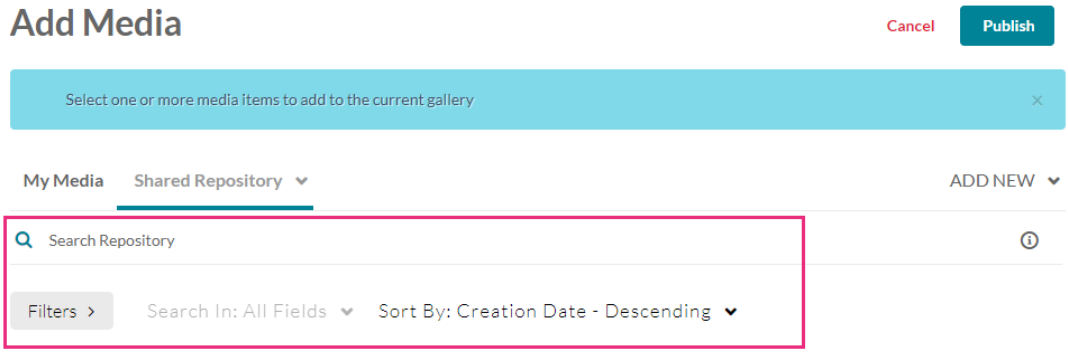

Add content to the Media Gallery

1. Select the checkbox next to the items you would like to add to the Media Gallery.

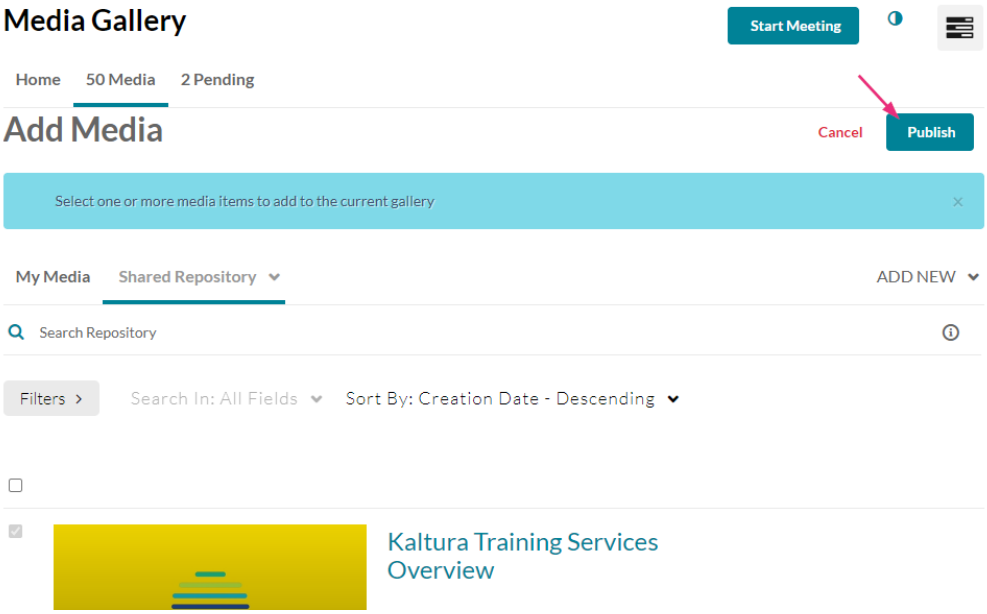

You can also search for items by typing a keyword into the search field or using the filters.
