 This article is designated for all users.

Overview

My Media is the user's personal repository allowing users to create, view, search and manage private media content. Thus, My Media is the media repository of a single user. Media items in the My Media repository may be published, shared, and embedded within the course pages and [Media Gallery](#) based on the user's entitlements.

This article describes how to work in My Media in Moodle.

Access My Media

Select My Media on your Moodle instance. The My Media menu item is located in the upper menu as default. My Media displays.

 The My Media link is typically located on the course navigation panel, as seen in our example. However, depending on your account setup, you may access My Media differently. See your Kaltura Administrator for further information.

Media is displayed on this page if you have uploaded it or were added as a media collaborator.

If you have not uploaded any media yet, see [Add Media](#) for instructions on doing so.

The screenshot shows a web browser window with the URL `qa-moodle-ubu18.dev.kaltura.com/moodle4.0.0/moodle/my/`. The page title is "moodle400qa" and the breadcrumb navigation is "Home > Dashboard > My courses > Site administration > My Media". The main content area is titled "My Media" and features a search bar, filters, and a list of media items. The first item is a video titled "Test for embed media" with a duration of 00:08, a "Private" status, and a "kaltura" tag. It was uploaded on January 26, 2022.

⚠️ If you cannot access My Media content/actions, ask your KAF administrator to give you the required permission.

Set the My Media Display
