

Refresh My Media

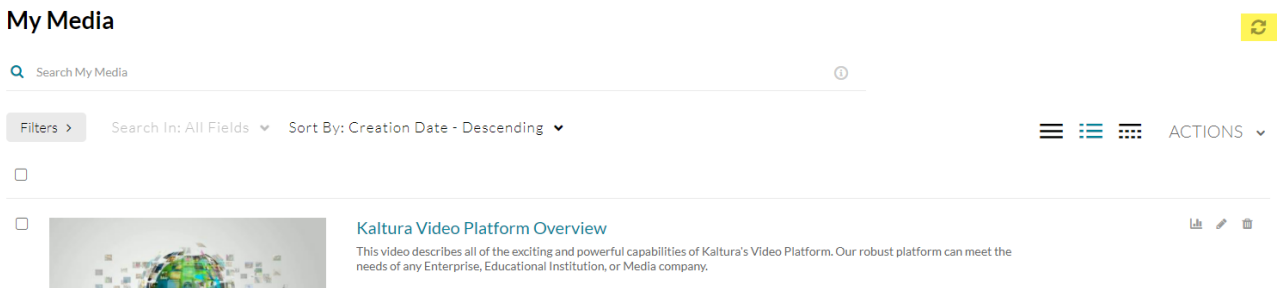

Last Modified on 01/30/2022 9:34 pm IST

You can refresh your media library in the My Media window and view the recently added entries. Due to caching constraints, an entry may appear in the search results for example but may not appear in the My Media page. The Refresh option overcomes this constraint and displays the most recently added entries.

To refresh My Media library

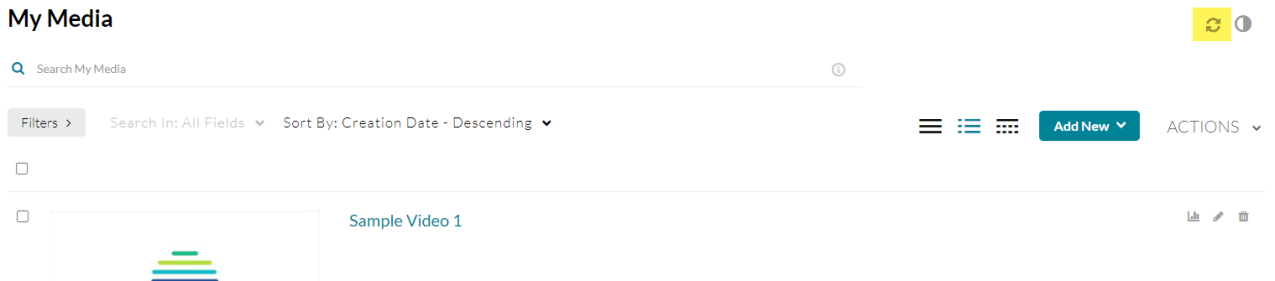

In the upper right corner of the My Media window, click the Refresh icon.

Refresh icon on KMS:

The screenshot shows the 'My Media' interface on KMS. At the top right, there is a yellow refresh icon. Below the header, there is a search bar with the text 'Search My Media'. Underneath, there are filter options: 'Filters >', 'Search In: All Fields', and 'Sort By: Creation Date - Descending'. The main content area shows a video entry titled 'Kaltura Video Platform Overview' with a thumbnail image of a globe and a description: 'This video describes all of the exciting and powerful capabilities of Kaltura's Video Platform. Our robust platform can meet the needs of any Enterprise, Educational Institution, or Media company.' To the right of the video entry, there are icons for share, edit, and delete.

Refresh icon on KAF:

The screenshot shows the 'My Media' interface on KAF. At the top right, there is a yellow refresh icon. Below the header, there is a search bar with the text 'Search My Media'. Underneath, there are filter options: 'Filters >', 'Search In: All Fields', and 'Sort By: Creation Date - Descending'. To the right of the filter options, there is a blue 'Add New' button. The main content area shows a video entry titled 'Sample Video 1' with a thumbnail image of a colorful bar chart. To the right of the video entry, there are icons for share, edit, and delete.

Your media library is refreshed.
