

# Channel/Media Gallery Playlist Feature Description

Last Modified on 01/30/2022 10:16 pm IST

The Channel Playlist feature allows Channel/Media Gallery Managers to curate, organize, and improve displayed featured content in their channels.

## For the Channel/Media Gallery Manager

The Channel/Media Gallery manager can create, edit, modify the order of playlists, and grab embed codes for channel playlists using the Playlists tab.

See [Create and Add Media to a Playlist](https://knowledge.kaltura.com/help/create-and-add-media-to-a-playlist) (<https://knowledge.kaltura.com/help/create-and-add-media-to-a-playlist>) and [Manage Playlists](https://knowledge.kaltura.com/help/manage-playlists) (<https://knowledge.kaltura.com/help/manage-playlists>).

## For the Viewer

A dedicated tab displays all the available playlists in the Channel/Media Gallery. The default tab name is 'Home' and is configurable by your Administrator. Playlists serve different purposes in different contexts, e.g. "Lesson Plan", "Campaign Highlights", "Leaderboard" etc. Following is an example of a channel called "Achieve Your Goals" that contains several playlists.

The screenshot shows a Kaltura channel interface. At the top, the channel title is "Achieve Your Goals" with a subtitle: "End-User and Administrator facing videos ranging from installation to user guides of the various Kaltura products and solutions". Below the subtitle are filter buttons for "Event", "Live", "Video", "Goals", and "Life". On the right, there is a video thumbnail of a woman working at a laptop. Below the video area, there are statistics: "Open | 12 Media | 2 Members | 56 Subscribers | Managers | Appears In". There are "Subscribe" and "Start Meeting" buttons. Below this is a navigation bar with "Home" and "9 Media". The main content area shows two playlist sections: "IDO PLAYLIST" and "MOTIVATE YOURSELF". The "IDO PLAYLIST" section contains three video thumbnails: "Tourism is back in full swing in Cancun Mexico" (02:01:59), "Maui Hotel or Maui Condo" (01:34:51), and "How to overcome our biases? Walk boldly toward them" (00:40:59). The "MOTIVATE YOURSELF" section contains three video thumbnails with various scenes.

- Clicking on one of the Channel Playlist names or thumbnails opens the Playlist Playback page.

The program outline is up to date and pertinent to marketplace requirements, thus catering well to all analytical prediction of training needs in the specified area. A customised proposal can also be arranged, to suit the training requirements of your team.

The Playlist Playback page allows users to watch media in the playlist one by one. For more information, see [Accessing Playlists \(https://knowledge.kaltura.com/help/playlist-playback-page\)](https://knowledge.kaltura.com/help/playlist-playback-page).

## For the Application Admin

KMS/KAF admins can enable the Channel Playlists feature in the channelPlaylists module. You can also determine the name of the tab that appears in the Channel/Media Gallery in this module. The default name is 'Home'.

After the *channelPlaylists* module is configured, a new tab displays all the available playlists in the Channel/Media Gallery.
