## Accessing the Category Analytics Dashboard

### ☰ To Access the Category Analytics dashboard through the KMC

1. Login to the KMC and select the Categories Tab from the Content Menu.
2. In the Categories table you have two options:

Option 1: Click on a Category Name and then select View Analytics.

The screenshot shows the Kaltura Categories page. The 'CATEGORIES' tab is selected in the top navigation bar. The main content area displays the details for the 'About Kaltura' category. A yellow button labeled 'View Analytics' is visible next to the category name. Below the category name, there is a 'Metadata' section with fields for 'Name' (About Kaltura) and 'Description'. A 'Jump to' dropdown menu is also present.

Option 2: Select a category and then select View Analytics from the Actions drop down menu.

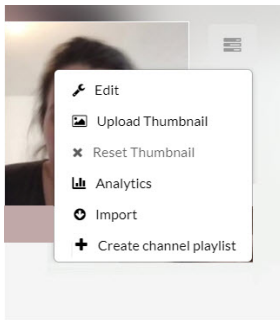

The screenshot shows the Kaltura Categories table. The 'About Kaltura' category is selected. The 'Bulk Actions' dropdown menu is open, showing the 'View Analytics' option. The table has columns for Name, ID, Created On, Sub - Categories, and Entries.

### ☰ To Access the Category Analytics dashboard through KMS and Kaltura Application Framework Applications

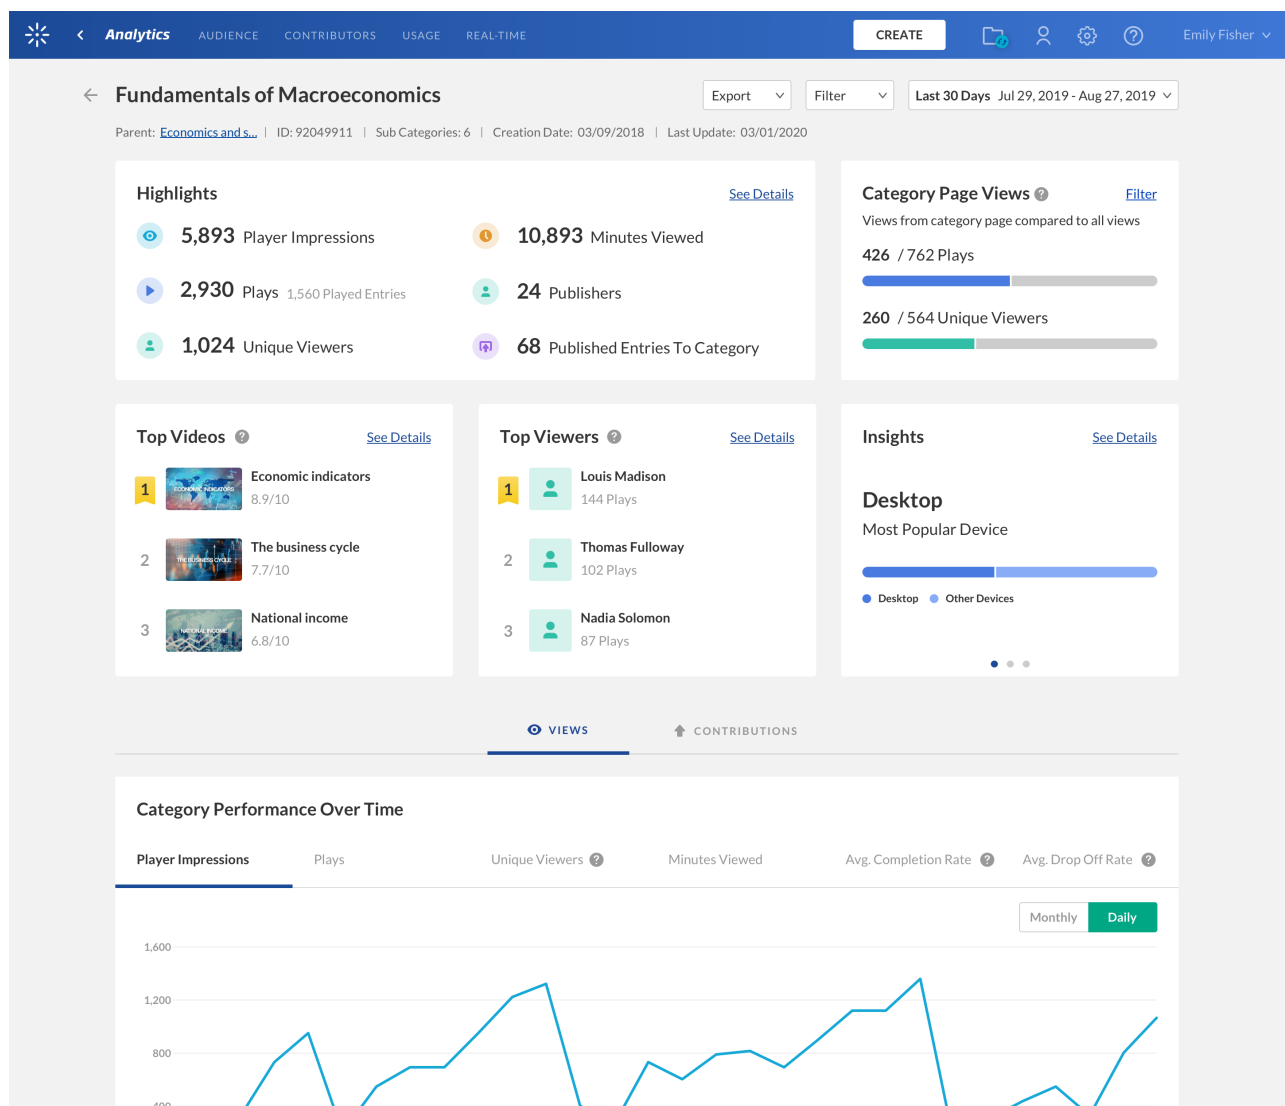

In the Channel/Media Gallery, select Analytics from the hamburger menu.

## Category Analytics Dashboard

The Category Analytics dashboard (shown in KMC below) enables you to discover all the activities pertaining to a specific category. The dashboard can be used to explore category usage in different time periods and even compare between different periods. You can also filter based on a variety of parameters, including tags and media type. To learn more see [Working with the Category Analytics Dashboard](https://knowledge.kaltura.com/help/working-with-the-category-analytics-dashboard) (<https://knowledge.kaltura.com/help/working-with-the-category-analytics-dashboard>).

## Category Metrics Over Time

## Top Videos

The top videos are selected based on a unique algorithm that takes into consideration parameters such as the amount of plays, unique viewers, and average view period and scores them in comparison to other videos in the account. In addition to the categories score, you can also see the number of plays, unique viewers and average view period for each video.

You can see how successful these videos have been through the video score or based on specific metrics. Click “See Details” to display the “Top Videos” graph.

## Top Viewers

Top viewers displays the users sorted by plays count. Click See Details to open the Top Viewers metrics. You can change the metrics to display top viewers by the following parameters:

- users (default) - displays impressions, plays, min viewed, avg. drop down, avg completion rate
- entries - displays impressions, plays, min viewed, unique viewers, avg. drop down, avg completion rate
- dates - displays impressions, plays, min viewed, unique viewers, avg. drop down, avg completion rate,

## Insights

This section displays the devices used most. Under Insights, you can find information about the user's habits, such as what days the user is most active on, on what websites they usually watch videos, and their favorite tools for creation.

## Category Performance Over Time

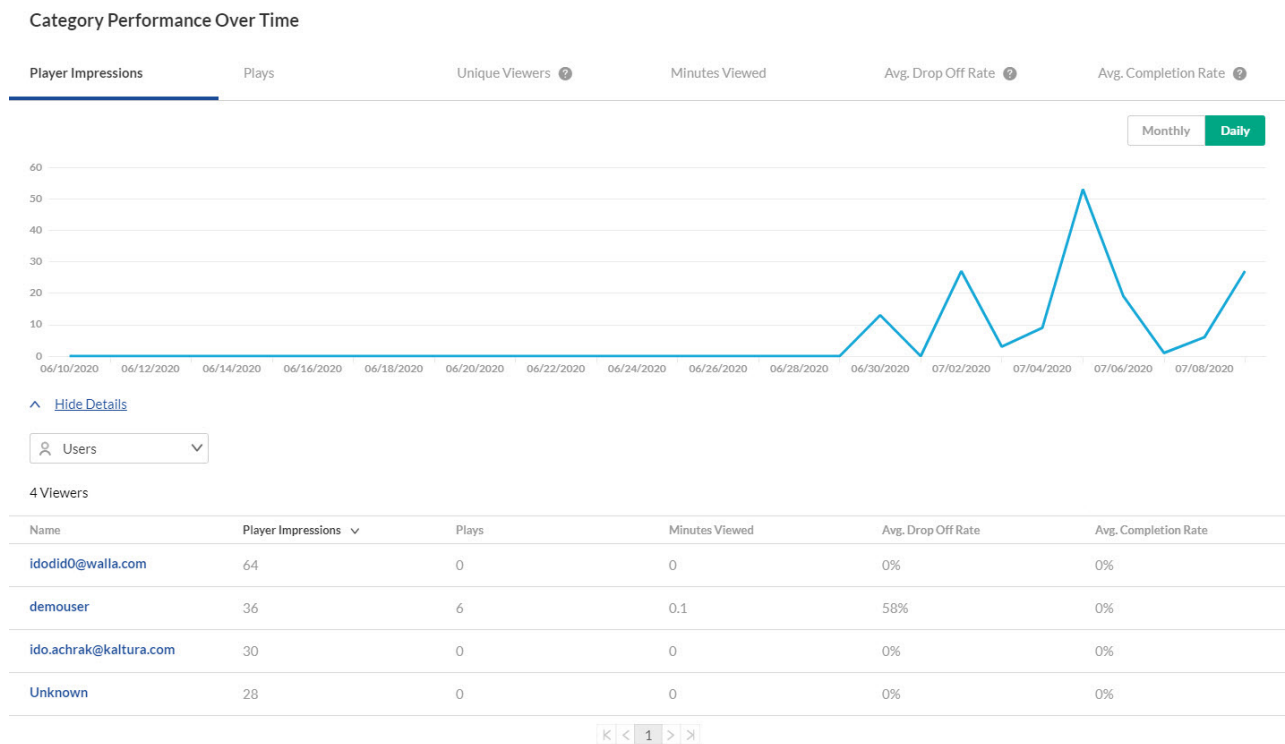

To explore the category's trends over time, use the graph to review key metrics:

- Number of player impressions
- Number of plays
- Number of Unique Viewers
- Number of Minutes Viewed
- Average completion rate - how much of the video was watched
- Average Drop Off Rate

You can view the data for each metric in daily or monthly granularity. Hover over any point in the graph to see the detailed data. You can also compare to another metric by selecting another metric from the drop down list.

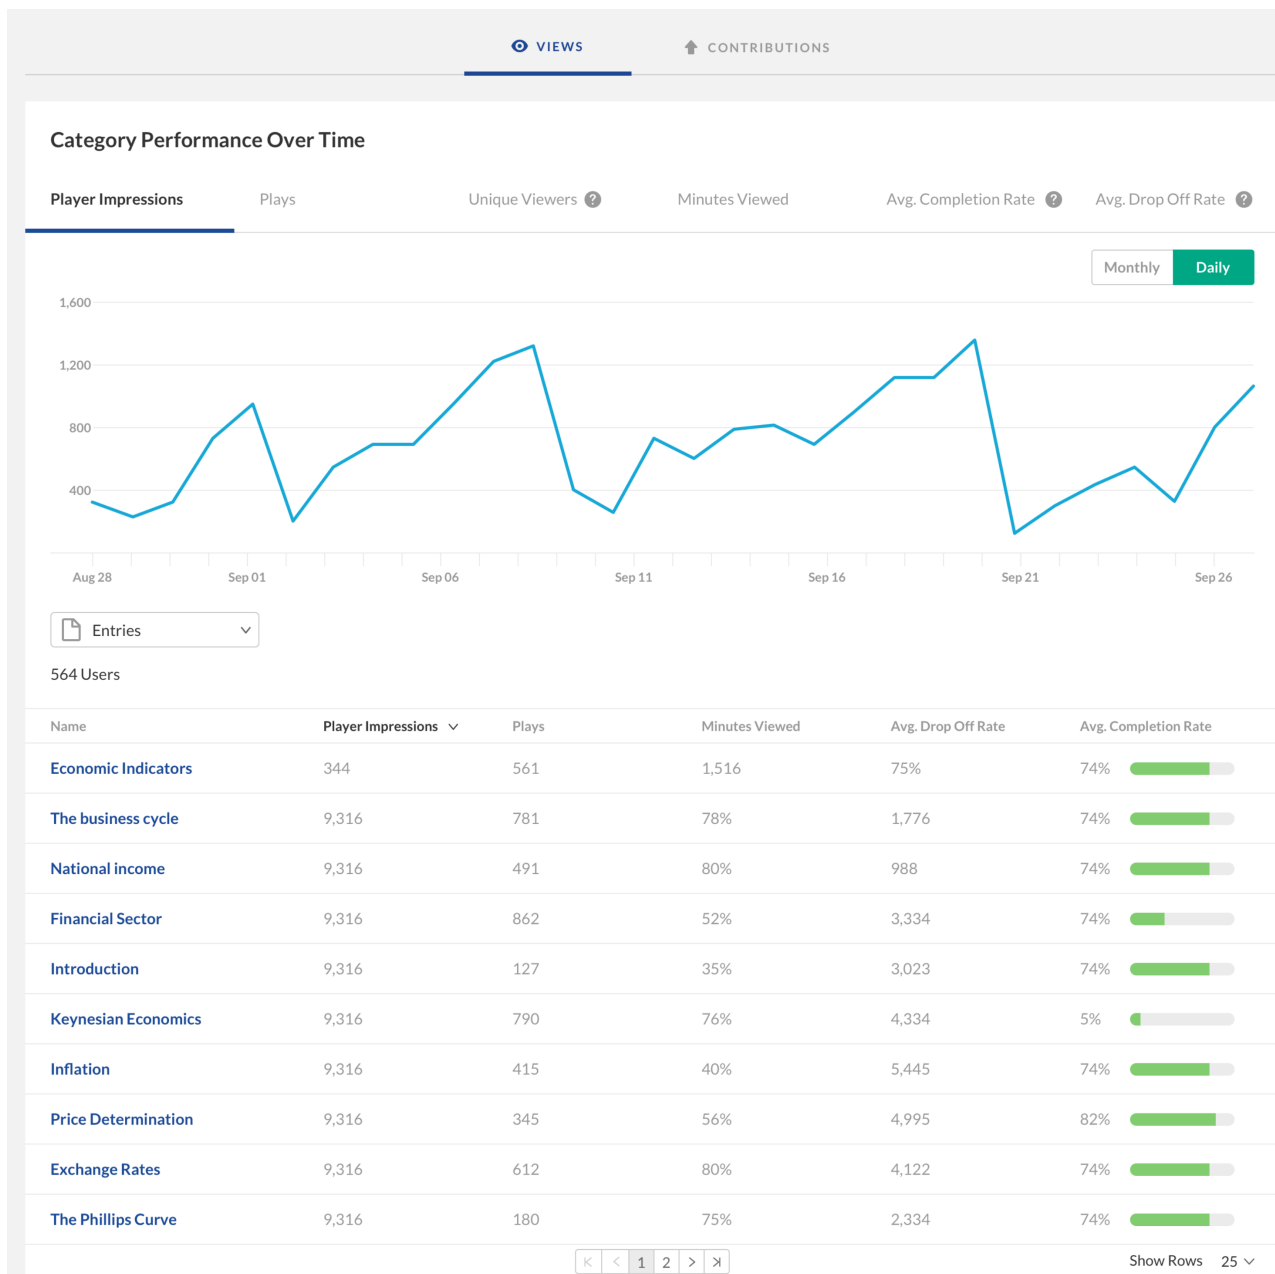

To change the time period or filter the data, use the date picker and filter panel at the top of the dashboard. You can also compare data from different time periods. For more information, see [Working with the Category Analytics Dashboard](https://knowledge.kaltura.com/help/working-with-the-category-analytics-dashboard) (<https://knowledge.kaltura.com/help/working-with-the-category-analytics-dashboard>).
