About

Add the Kaltura Media Gallery to your Blackboard course for easy access to videos and multimedia, enhancing engagement and collaboration.
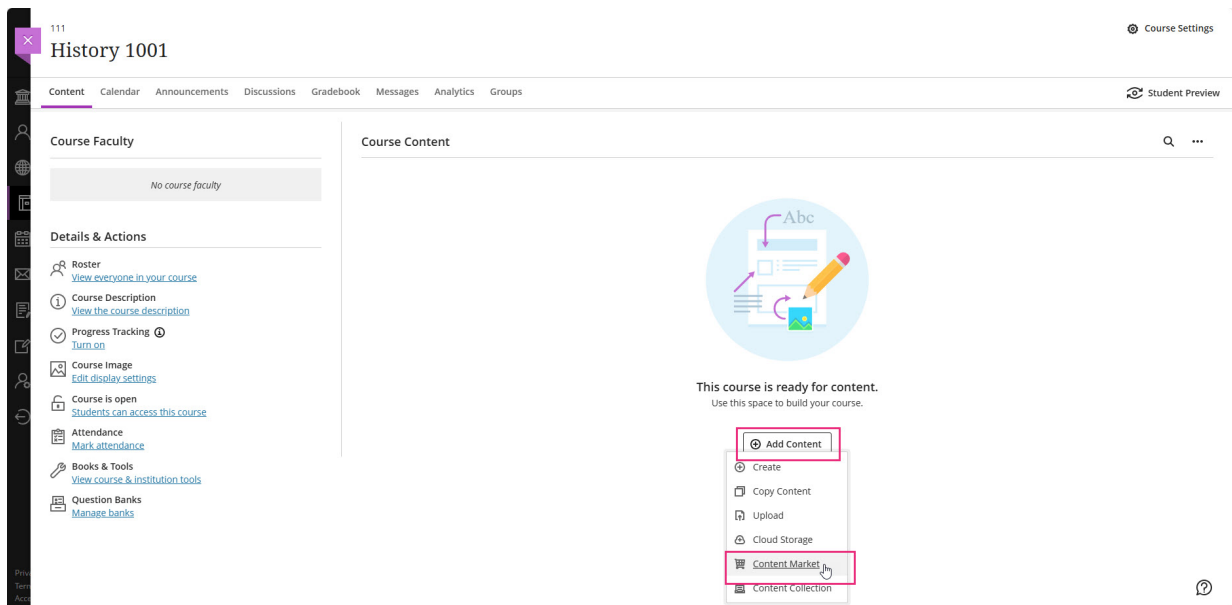

Configure

1. Click **Courses** on the left-hand menu.

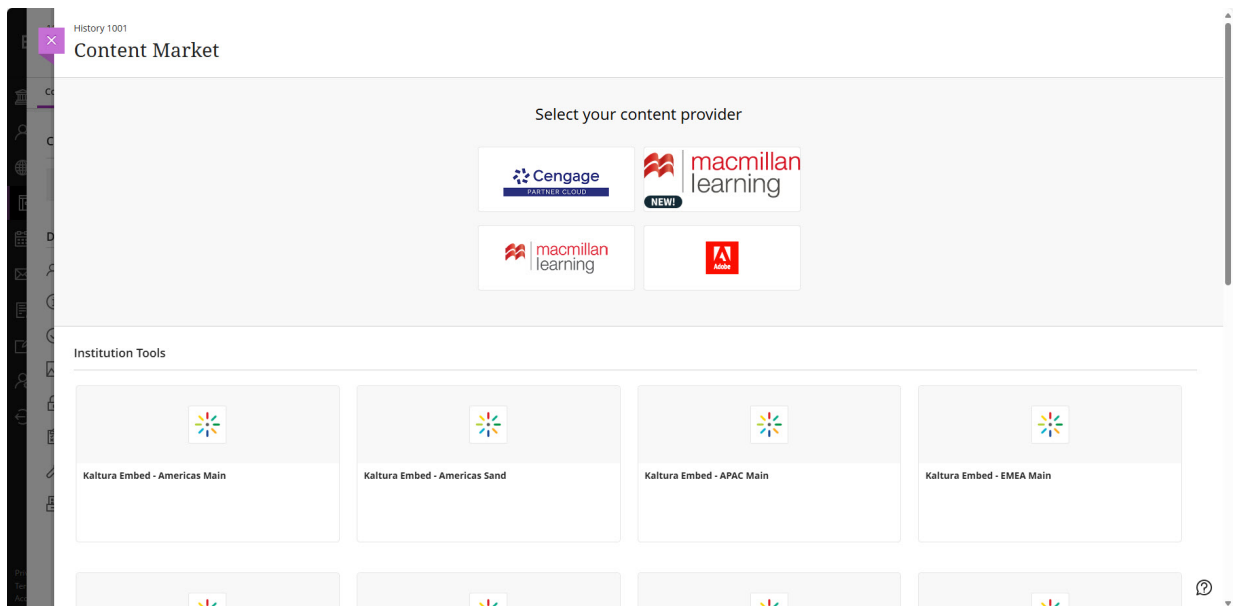

2. Click to select a course.

---

3. If no content exists for the course, click **+ Add Content**, then choose **Content Market**.

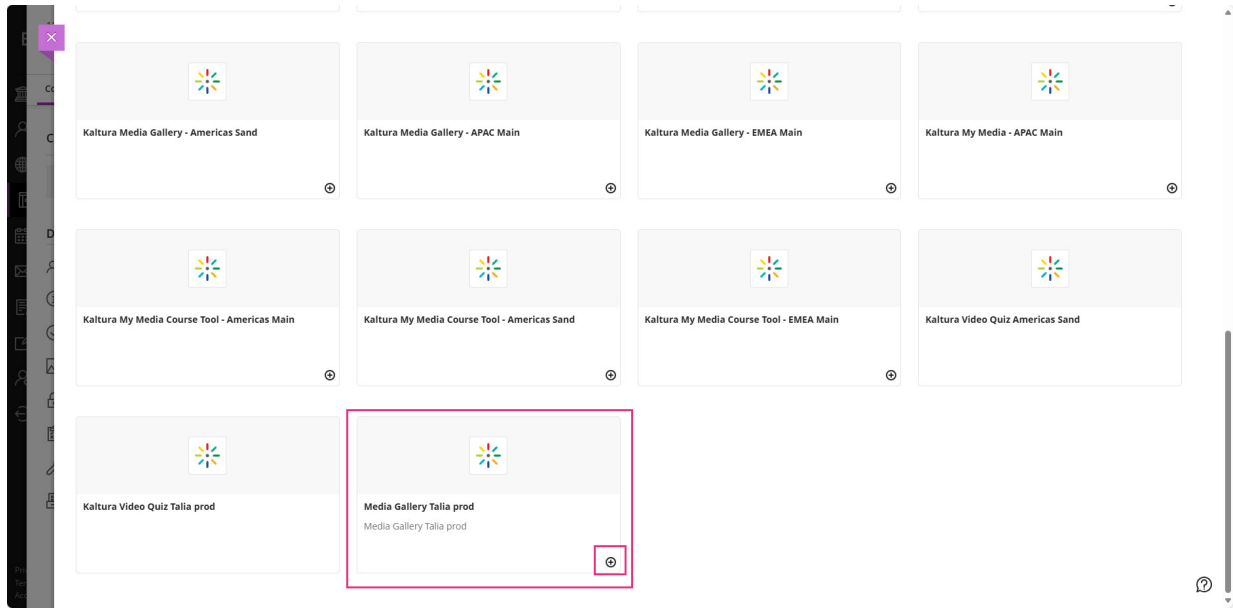

If content exists for the course, click the **+** button, then choose **Content Market**.

The Content Market page displays.

4. Locate and click the **+** button on the desired tool.

The tool is now part of **Course Content** and will be displayed to students upon opening the course.
