

My Media in Brightspace

Last Modified on 06/13/2025 5:31 pm IDT

 This article is designated for all users.

About

My Media is your personal space for managing all the media you've uploaded or created over time. It's unique to each user, showing only your content, which remains private until you choose to publish it in one or more channels or courses. You can also collaborate by adding other users to your media.

With intuitive media cards, powerful search and filter options, and bulk actions, organizing and managing your content is effortless. Plus, you can access analytics, embed content, and easily manage everything according to your needs and permissions.

The instructions below are for non-Theming users. If you have [Theming](#) enabled, please refer to our article 'My Media - Theming'.

Access My Media

Enter your course, then on the left menu bar, click on **My Media**.

- Depending on your account setup, you may access My Media differently. See your Kaltura Administrator for further information.
- If you cannot access My Media content/actions, ask your Kaltura Administrator to give you the required permission.

The **My Media** page displays.
