

# Refresh My Media in Brightspace (legacy)

Last Modified on 05/05/2026 9:04 am IDT

 This article is designated for all users.

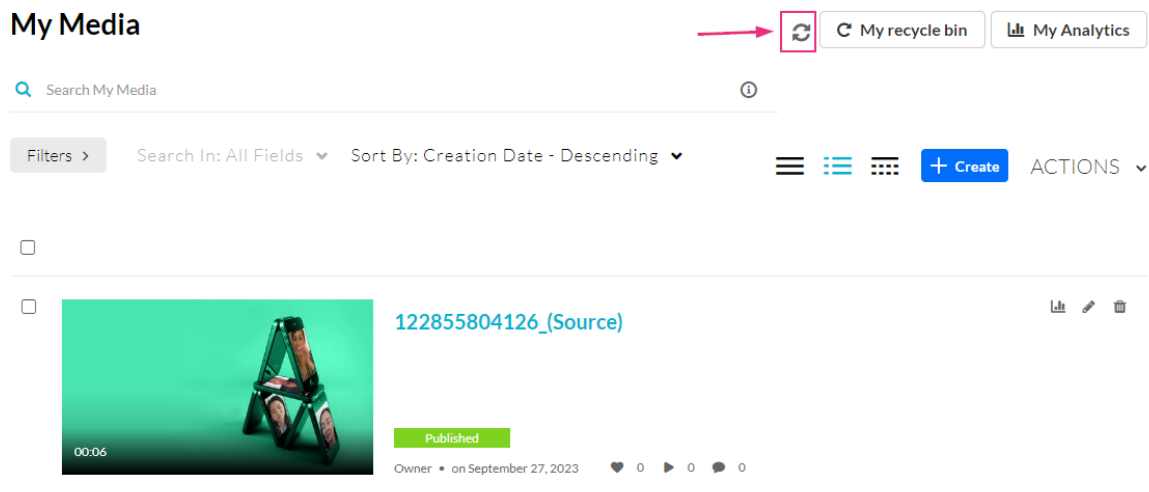

## About

If you don't see a recently added media item, or if a media item appears in search results but not in your My Media page, it might be due to caching. Simply use the Refresh option to update your My Media page and display the most recent entries.

These instructions apply to the legacy **LMS Video** integration. If you're using LMS Video with Theming, please refer to the [LMS Rich Media Extensions category](#).

## To refresh My Media

In the upper right corner of the **My Media** page, click the refresh icon.

The screenshot shows the 'My Media' page interface. At the top right, there are three buttons: 'My recycle bin', 'My Analytics', and a refresh icon (a circular arrow). A red arrow points to the refresh icon, which is enclosed in a red box. Below the buttons is a search bar labeled 'Search My Media' and an information icon. Further down, there are filter options: 'Filters >', 'Search In: All Fields', and 'Sort By: Creation Date - Descending'. To the right of these filters are three view icons (list, grid, and another grid), a '+ Create' button, and an 'ACTIONS' dropdown menu. The main content area shows a video player with a thumbnail of a person on a bicycle. The video title is '122855804126\_(Source)'. Below the video player, there is a 'Published' status and a timestamp 'Owner on September 27, 2023'. There are also icons for heart, play, and comment.

Your My Media page is refreshed.
