The edit media page displays.

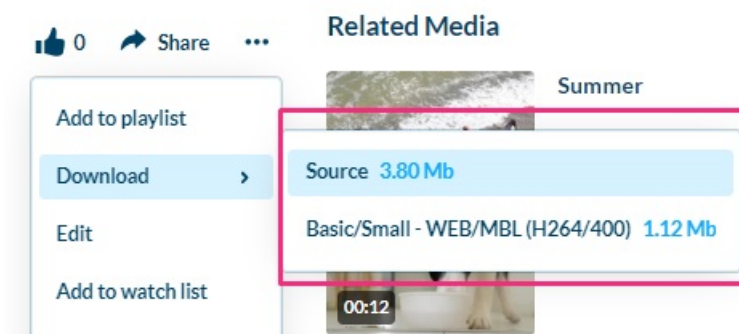

- Click the **three dots** menu or **ACTIONS** menu (depending on whether you have the [Theming](#) design system enabled or not) under the player and select **Download**.

This menu option is only available if the media owner has enabled it. For more details, check out our article [Enable media download](#).

- Choose the flavor to download.

The entry downloads to your device.

Additional download options can be enabled by the KMC administrator on the media player. To learn more, please refer to our article [Download](#).
