About

Media Gallery managers can import other galleries they manage, which is helpful for faculty who want to transfer media from an old gallery to a new one each semester.

 The instructions below are for non-Theming users. If you have [Theming](#) enabled, please refer to our article [Import other Media Galleries in KAF - Theming](#).

 This feature requires the [Importchannel](#) module to be enabled by your administrator.

Import

1. Access your course, then on the left menu bar, click on **Media Gallery**.

 The Media Gallery link is typically located on the course navigation panel, as seen in our example. However, depending on your account setup, you might access the Media Gallery differently. See your Kaltura Administrator for further information.

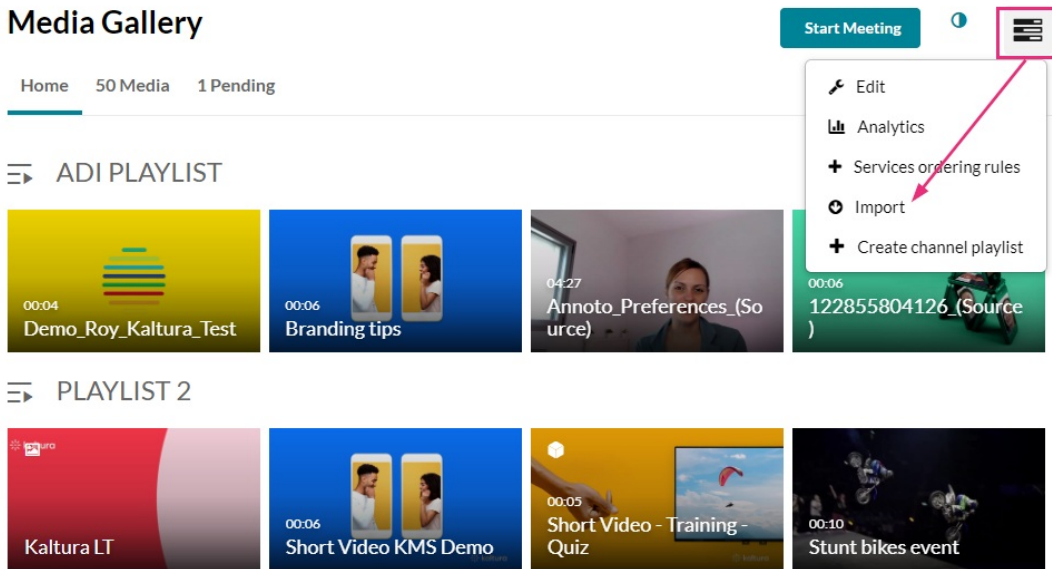

The Media Gallery displays with the **Home** tab open by default.

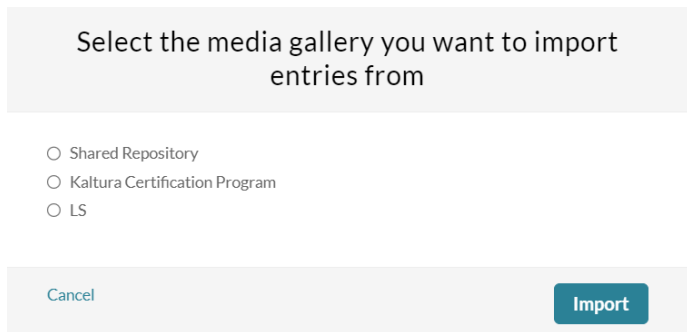

The screenshot shows the Kaltura Media Gallery interface. On the left, a navigation sidebar lists various course elements, with 'Media Gallery' highlighted in a red box. The main content area displays the 'Media Gallery' page, which includes a 'Start Meeting' button and a 'Home' tab. Below the tabs, there are three playlists: 'ADI PLAYLIST', 'PLAYLIST 2', and 'MY PLAYLIST'. Each playlist contains video thumbnails with titles and durations.

Playlist	Video Title	Duration
ADI PLAYLIST	Demo_Roy_Kaltura_Test	00:04
