Customize

1. Choose from the following options to customize the design of the entry page.

> The availability of the possible settings depends on your Kaltura administrator's configuration:

- **Entry player** - Choose a custom player for the page. The choices available are from a predefined set of players supplied by your administrator.
- **Show elements** - Uncheck the UI elements that you want to hide on the entry page.
  - Sidebar – The sidebar refers to the bar to the right of the player. Depending on your application's settings, you may or may not have a sidebar, related media, or a playlist chosen by the administrator.
  - Entry properties – The properties are right below the player, containing the entry’s name, owner, and 3 counter icons for views, comments and likes.
  - Entry tabs – Below the properties tab, the entry tab includes the Details, Share, Attachments and the Actions drop down menu.
  - Comments – The comment section, if enabled in your video portal.
  - Header – The header includes the entire bar on the top of the video portal screen. If you decide to remove it, it will also remove the logo, and all other links.
  - Header logo – The main logo at the top left of video portal screen.
  - Footer – The video portal footer.

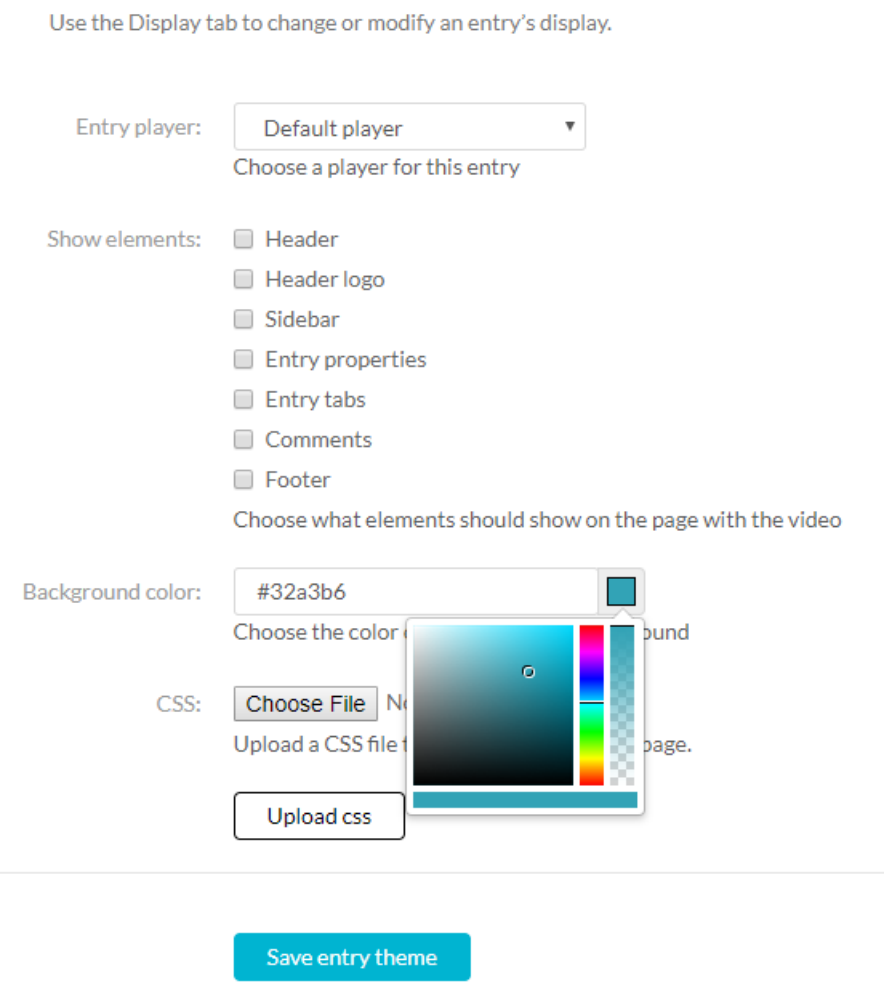
- **Background color** - Choose a background color for the entry page.
- **CSS** - Choose a CSS file to alter only this single page.
  Click on the "Upload CSS" button to apply the change. Note that clicking on this button without uploading a file first will have no effect.
- **Different logo** - Choose a new logo that will replace the existing one when viewing this page. Click on the **Upload logo** button to apply the change (clicking on this button without uploading a file first will have no effect).

2. Click **Save entry theme.**

Example

The following shows a sample configuration where all boxes have been unchecked and the background color was changed.



The resulting media is displayed as follows:
