Import other media galleries in Sakai (legacy)

Content updated: 02/01/2022

This article is designated for faculty members.

About

Media Gallery managers can import other galleries they manage, which is helpful for faculty who want to transfer media from an old gallery to a new one each semester.

This feature requires the Importchannel module to be enabled.

These instructions apply to the legacy **LMS Video** integration. If you're using LMS Video with Theming, please refer to the LMS Rich Media Extensions category.

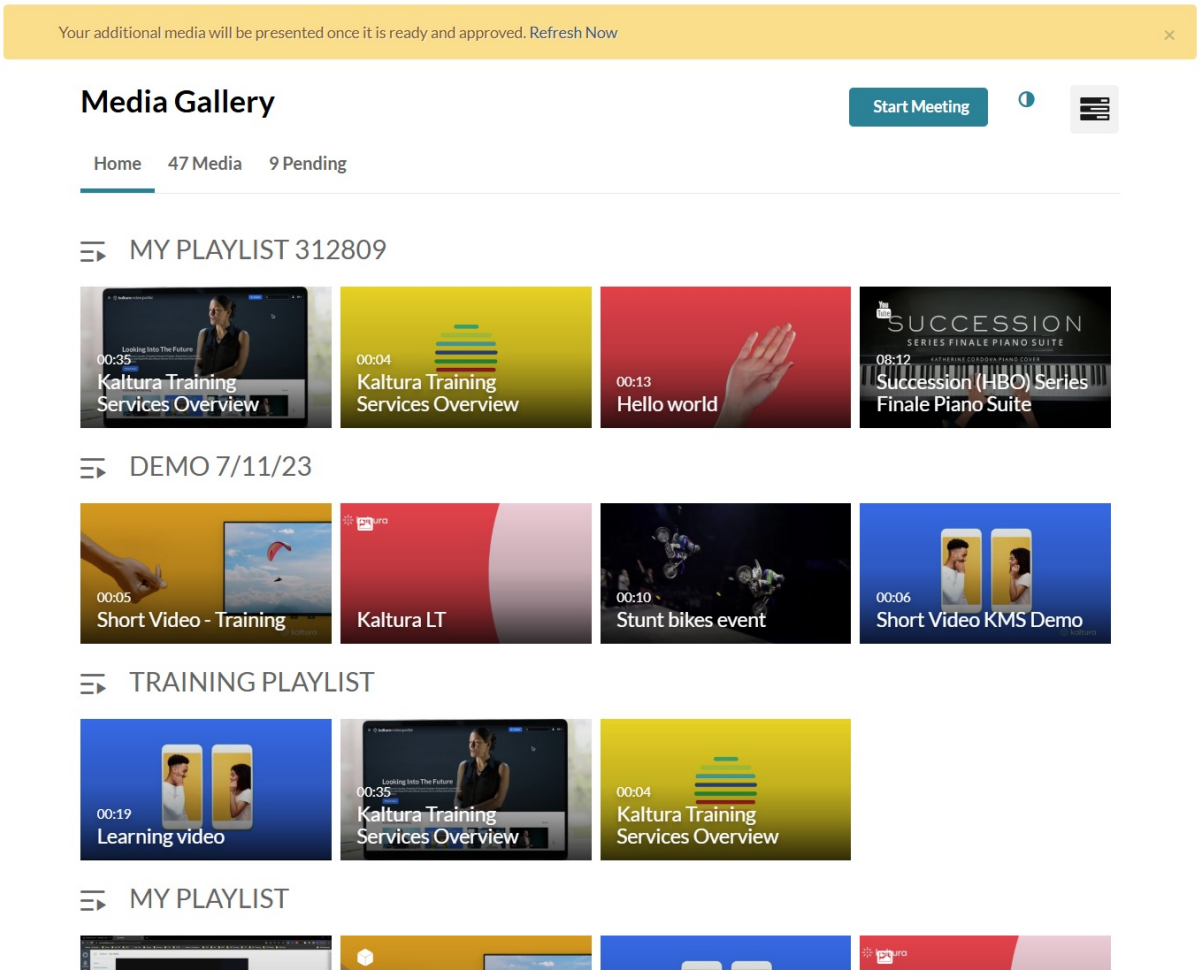

Import

1. Access your course, then on the left menu bar, click on **Media Gallery**.

   Depending on your account setup, you might access the Media Gallery differently. See your Kaltura Administrator for further information.

   The Media Gallery displays with the **Home** tab open by default.

2. Click the **hamburger menu** on the far right and select **Import**.

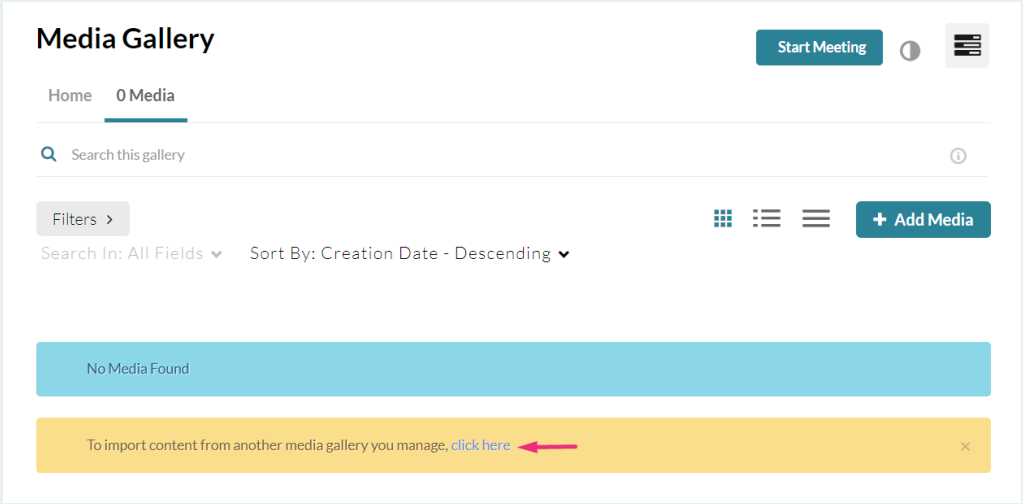

A list of all the media galleries you manage displays.

If the Media Gallery is empty, the importing process can also be initiated from a link in the following message: *To import content from another media gallery you manage, click here*. Click on the link to access the list of all media galleries you manage. Continue with steps **5 - 8** below.

3. Choose a gallery from the list.
4. Click **Import**.

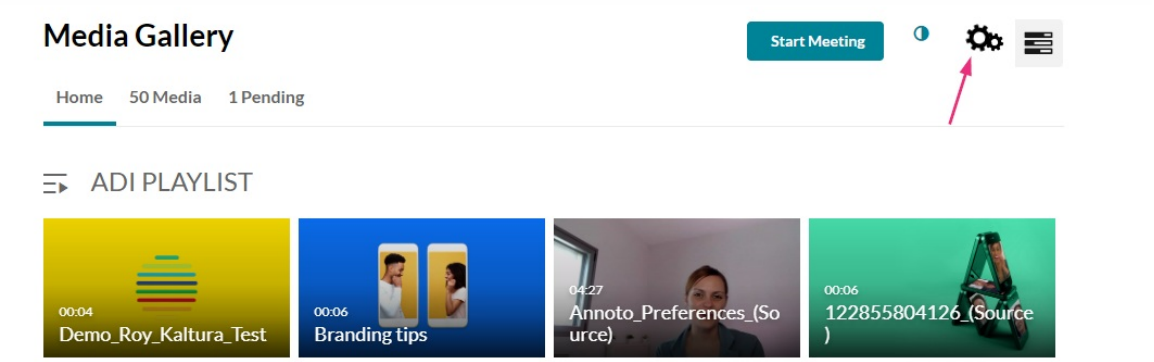

The **Import** feature supports the ability to import playlists only if there are **10 or fewer** playlists in the media gallery.

A confirmation message displays: *Importing started successfully.*

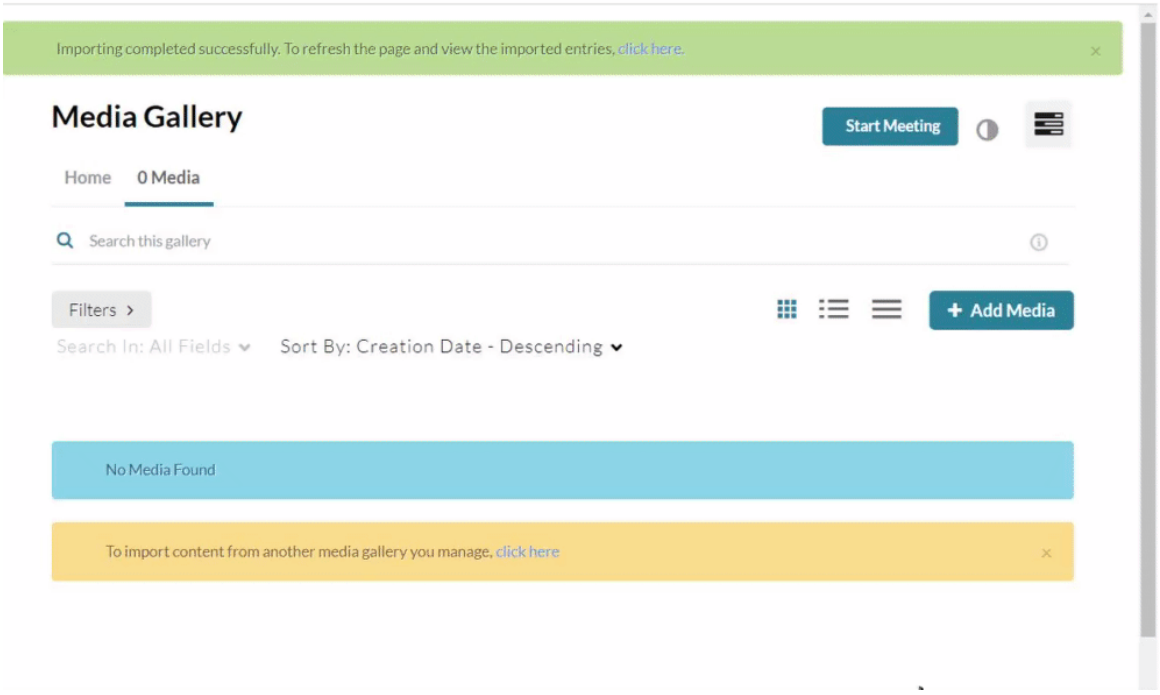

Spinning gear icons appear while the import is in progress.

When importing has finished, a success message displays: *Importing completed successfully. To refresh the page and view the imported entries, click here.*

5. Click on the *Click here* link to refresh the page.
6. Click the **Media** tab to view the imported content.
