LMS Video integration for Moodle release notes – v4.5.3 March 9, 2026

Integration version: 4.5.3

Date released: March 9, 2026

Highest supported Moodle version: Moodle 5.1

KAF version: 5.173.5

About

This release includes support for Moodle versions **4.5 (LTS), 5.0, 5.1**

What's new

Support for Moodle version 5.1

We have added full compatibility and support for Moodle version 5.1, enabling customers to upgrade their Moodle environments while continuing to use the Kaltura Video integration.

For more information, see Set up Kaltura LMS Video integration for Moodle 5.x .

(*KMS-32476*)

Submit video assignments using Moodle's native assignment activity

Instructors can now enable Kaltura Media as a submission type in Moodle's Assignment activity, allowing students to submit videos using Moodle's native assignment workflow.

For more information, see Submit a video assignment in Moodle.

(*KMS-32502*)

Embed Kaltura Rooms in Moodle content

We have added the ability to embed Kaltura Rooms using the media embed tool (Browse, Search, and Embed – BSE). Instructors can now add live sessions directly to course content, allowing students to join the session from the course page.

For more information, see Embed Kaltura Rooms in Moodle.

(*KMS-32504*)

Improved iframe permissions for clipboard access

We have updated iframe permissions to support clipboard-write actions, improving the user experience for interactive elements.

 (*KMS-32586*)

  - As part of Moodle v5.0, Moodle has removed the Atto text editor. To comply with the change, we have removed the relevant Kaltura plugin.
- **Bug fixes:**
  - Fixed the incorrect text appearing on Moodle grade view (SUP-42220)

LMS Video integration for Moodle release notes - v4.5.1 March 2025

Version: 4.5.1 (+ 4.5.0)

Date Released: March 10, 2025

Highest Moodle Version Support: Moodle 4.5

KAF Version: 5.148.x

About

These release notes pertain to the Kaltura Video Plugin for Moodle v4.5.1, released on March 10th, 2025. This version includes support for Moodle 4.3, 4.4 and 4.5(LTS), and relies on Kaltura KAF version 5.148.x.

What's new

- **More automated student activity tracking (ILMS-705)**

Instructors can now set a rule requiring students to submit an assignment before an activity is marked complete. Adding "Make a submission" as a requirement in Moodle's activity settings improves tracking accuracy and reduces manual effort. This eliminates the need for instructors to manually check submissions before marking activities as complete.

Completion conditions

○ None
○ Students must manually mark the activity as done
● Add requirements

Activity is completed when students do all the following:

☐ View the activity

☑ Make a submission

☐ Receive a grade

- **Set reminders for video-based tasks**

Students and instructors can now schedule reminders in Timeline for Kaltura Video Assignments and Video Resources, helping them stay on top of deadlines, improving time management, and reducing missed submissions.

Set reminder in Timeline   ❓   ☐ Enable   6 ⬍   March ⬍   2025 ⬍   08 ⬍   53 ⬍   📅

- **Quick access to My Media (ILMS-707)**

Admins can now add **My Media** to the user menu, giving students and instructors a direct shortcut to their personal video libraries. This update simplifies navigation, making it faster and more convenient to find and manage media.

For more information on how to set this up, read here.
