

## Idomoo User Guide

Last Modified on 04/20/2022 12:48 am IDT

Once you receive a link to the entry page, you can access the entry page and view the campaign with your personalized video.

In our example below, our user, Assaf, accessed the entry page using his link and is able to view his personalized video.

The screenshot shows a video player interface. At the top right, there is a search icon and the text "SEARCH" and "ASSAF BERKOVITZ". The video content area displays a blue background with white text: "Hi Assaf Berkovitz, We're here to help you every step of the way". Below the text are icons of a house and a heart. The video player controls at the bottom show a play button, a 10-second rewind button, a 10-second fast forward button, a progress bar at 00:02 / 02:58, a volume icon, a full screen icon, and a share icon. To the right of the video player, there is a "Related Media" section with a dropdown arrow and the text "No Entries". Below the video player, the title "Idomoo Campaign" is displayed with 3 views and 0 comments. Below the title, it says "From February 3rd, 2022".

 You must be logged into KMS to view your personalized video. If you are not logged into KMS, a default, non-customized video will be shown.

 Users who are not part of the CSV that was uploaded to Idomoo will receive an error message on the player.
