

Navigating the Powtoon Workspace

The Powtoon Workspace is your gateway to creating amazing Powtoon videos. In the Workspace, all the important information and functionalities are located in a single convenient location.

Your Powtoon Workspace includes the following major sections:

Menu (1) This is the section that you will go to when you want to create a new Powtoon.

Quick Access (2) This is the section that you will access when you want to create a Powtoon based on your personal preferences. Each tile in this section (for example: Remote Teaching) represents a topic that you are interested in, based on your preferences when you signed up to Powtoon.

- **Animated explainer**
- **Video**
- **Social media**
- **Text to speech**
- **Import your PowerPoint**
- **Whiteboard**
- **Presentation**
- **Character builder**
- **Promotional videos**

Personalized templated for you (3) In this section, you'll find collections of templates recommended for You from the following categories:

- Templates focused on topics that are trending now
- New templates added recently to the Powtoon template gallery
- Templates that enjoy high popularity among Powtoon users

Featured Templates (4) In this section, you will find collections of our newest, and most popular templates.

Toolbox (5) This section includes the gateway to the Powtoons you have created, resources for learning Powtoon, and links for integrating Powtoon with leading applications.

- **My Powtoons** - your saved Powtoon projects.
- **Learning Center** - Powtoon Help Center, including Tutorials, Webinars, and Blog. Here you can find a tour designed especially for discovering the Powtoon Workspace.
