

Kaltura Extension for LMS Admin & Config Agenda

Last Modified on 06/12/2022 11:20 am IDT

OVERVIEW

This training session is aimed for system administrators and will cover Moodle, Canvas, and Blackboard Extensions. Learn how to navigate the Kaltura Application Framework admin page for Moodle, Canvas, and Blackboard LMS integrations as a system administrator. Gain insights on how to organize and manage users & groups permissions, configure and customize the video tools in your integration in a single intuitive interface.

Upon completion of this learning session, the participants will be able to:

- Understand the Kaltura Application Framework (KAF) Admin page.
- Configure your KAF modules.
- Understand the different types of roles and permissions.
- Understand the purpose of the Shared Repository.
- How to enable or disable custom and editing modules.
