This article is designated for all users.

About

Interactive Video Quiz seamlessly embeds questions at any point in a video. These questions are attached to the video and ‘travel’ with it wherever it is embedded or presented. Interactive video quizzing can be used to increase user engagement, measure attendees' interest and understanding, and so much more!

Setup

To learn how to set the **Quiz** plugin on the player, see Enable quiz creation in the player.

Features

- Preview of the quiz that displays the number of questions in each time stamp.
- Timeline markers that display the timestamp of the quiz.
- The ability to skip questions and return to them before finally submitting the answers
- The ability to show or hide hints to the quiz answers.
- Quiz scores dashboard and analytics
- Gradebook integration in LMS

The quiz welcome page
