 This article is designated for all users.

Overview

The Media Gallery is a repository of videos for a particular course that is visible to all instructors and students within the course.

Users may contribute new media items to the Media Gallery or add media items (publish) from [My Media](#)/other Media Gallery/[Shared Repository](#) based on the user's entitlements.

This article describes how to work in Media Gallery in Moodle.

Access the Media Gallery

You can find the Media Gallery for each course in the course itself under the More tab.

moodle400qa Home Dashboard My courses Site administration My Media

The screenshot shows the Moodle interface for a course titled "Advanced Math: Media Gallery". At the top, there are navigation tabs: Course, Settings, Participants, Grades, Reports, and More. The "More" tab is selected, and a dropdown menu is open, listing various course tools: Question bank, Content bank, Course completion, Badges, Competencies, Filters, Unenrol me from Amath, Accessibility toolkit, **Media Gallery** (highlighted with a red underline), and Course reuse. Below the navigation, the page displays "3 Media" items. A search bar is present with the text "Search this gallery". There are also filter options: "Filters >" and "All Fields" (dropdown), and "Creation Date - Descending" (dropdown). Three media items are shown as thumbnails: a tree at sunset (filename: tree-g0262d4172_1280.jpg), a golden retriever puppy (filename: KOA_Nassau_2697x1517), and a close-up of a dog's face.

Home Tab

The Home tab is displayed as the first tab when playlists are available in the Media Gallery. Media Gallery Managers can create playlists to curate, organize, and

categorize displayed featured content in their course. To learn more, see [Create and Add Media to a Playlist](#) and [Manage Playlists](#).
