

# Launch a webinar and enter the Kaltura Room

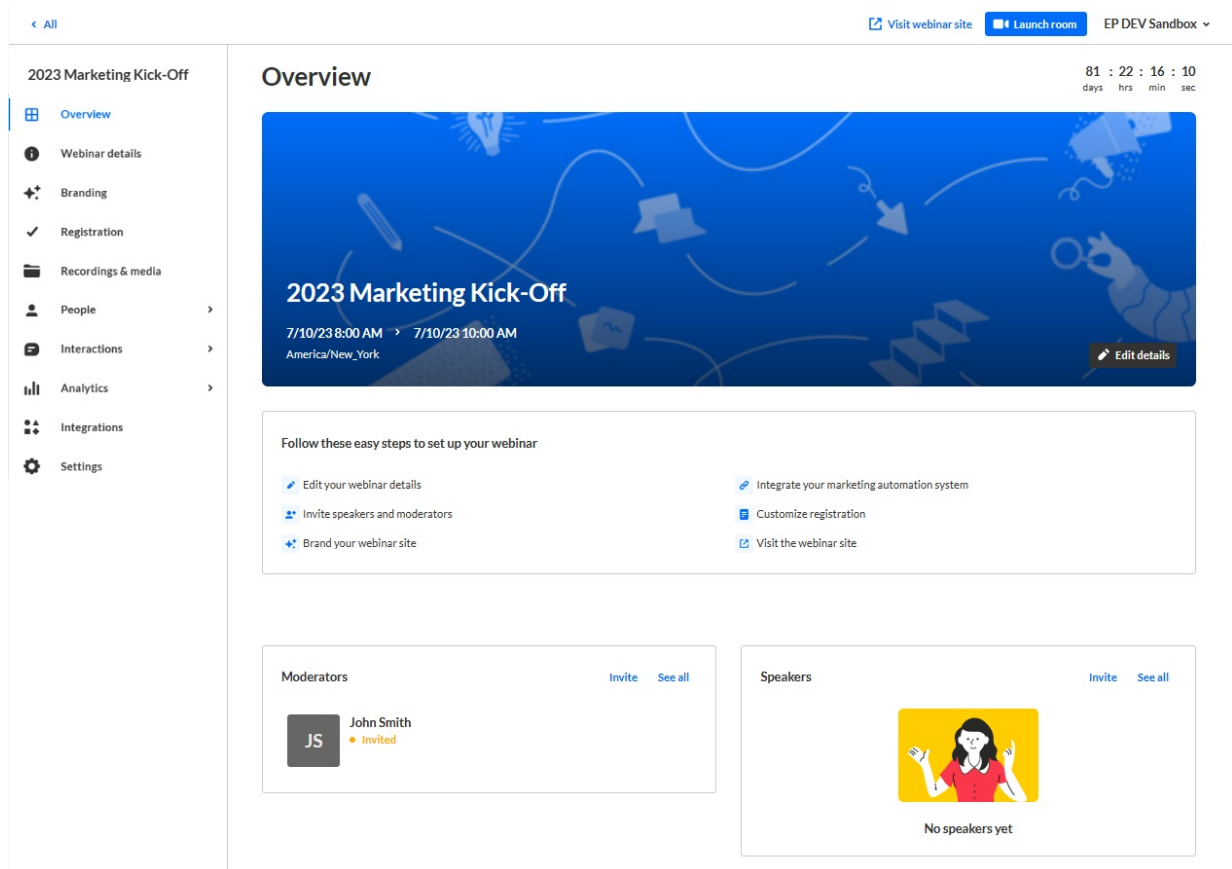

Last Modified on 05/13/2026 10:33 pm IDT

 This article is designated for all users.

## About

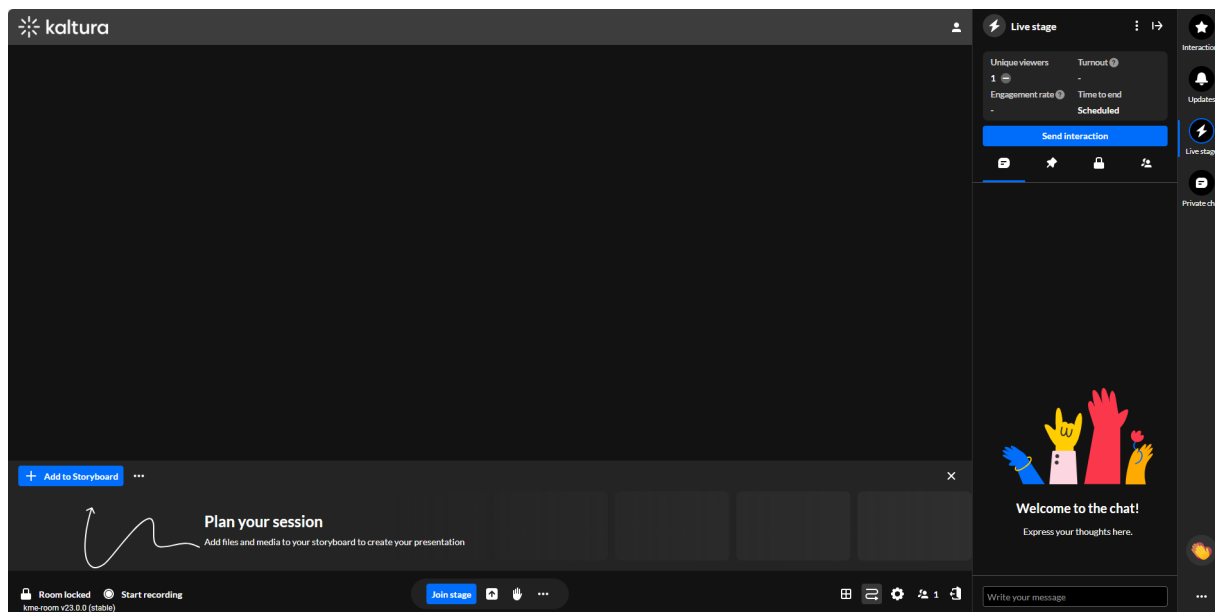

This article describes how to launch a webinar and enter the Kaltura Room.

1. Navigate to any site page.

The screenshot shows the Kaltura webinar management interface for a webinar titled "2023 Marketing Kick-Off". The interface includes a left-hand navigation menu with options like Overview, Webinar details, Branding, Registration, Recordings & media, People, Interactions, Analytics, Integrations, and Settings. The main content area displays the webinar title, dates (7/10/23 8:00 AM to 7/10/23 10:00 AM), and location (America/New\_York). Below this, there are instructions to follow easy steps to set up the webinar, such as editing details, inviting speakers, and integrating marketing automation. At the bottom, there are sections for Moderators (showing John Smith as invited) and Speakers (showing no speakers yet).

2. Click the **Launch room** button. The Kaltura room displays.

For complete information on using the Kaltura Room during a webinar, please see [Kaltura Room for Webinars](#).
