

Floating player

Last Modified on 01/14/2026 2:25 pm IST

 This article is designated for all users.

About

The **Floating player** feature keeps video playback visible while viewers scroll through page content. When the player scrolls out of view, it reappears as a floating player and positions itself based on the configured settings.

This allows viewers to continue watching the video while reading or navigating the page without interruption.

Setup

To learn how to set the **Floating** plugin on the player, see [Show a floating player when scrolling](#).

Features

- Position of floating
- Width
- Height
- Margin X
- Margin Y
- Draggable - Users have the option to drag the floating video to a different position on the screen.

- Dismissable - Users can dismiss the floating video by clicking 'Back to video' (as shown below) to return to the main player, or by clicking the 'X' icon to close the floating player.

The screenshot shows a video player interface. At the top, there's a video thumbnail for 'Kaltura Connect Opening Keynote' by Eric Grant. Below the thumbnail, there's a description: 'Kaltura Events lets you create, host, and optimize all your events on one, innovative yet intuitive platform. With top-tier video quality and cutting-edge technology, it'll make your life easier, your work smarter, and your audience's experience simply unforgettable. Not sure where to start? Our personal tour guides Ashley and Guido will help put everything...'. There are also sections for 'More info', 'Appears in', 'Tags', and 'Campaign'. Below the video player, there are sections for '3 Attachments' (Logo.png, Brand Guidebook.pdf, Podcast.mp3) and '16 Comments' (from users Antonio Citterio, Lisa Scott, and Dona Williams). A pink arrow points from the text 'Dismissable' in the list above to the 'Back to video' button in the floating player. The floating player itself has a dark background and shows a video thumbnail of a woman smiling, with a play button in the center. The 'Back to video' button is highlighted with a pink box.
