# Upload media in Canvas (legacy)

Content updated: 01/01/2023

This article is designated for all users.

## About

Uploading media from your desktop is simple and straightforward. Just follow the steps below to easily share your videos, audio files, and images.

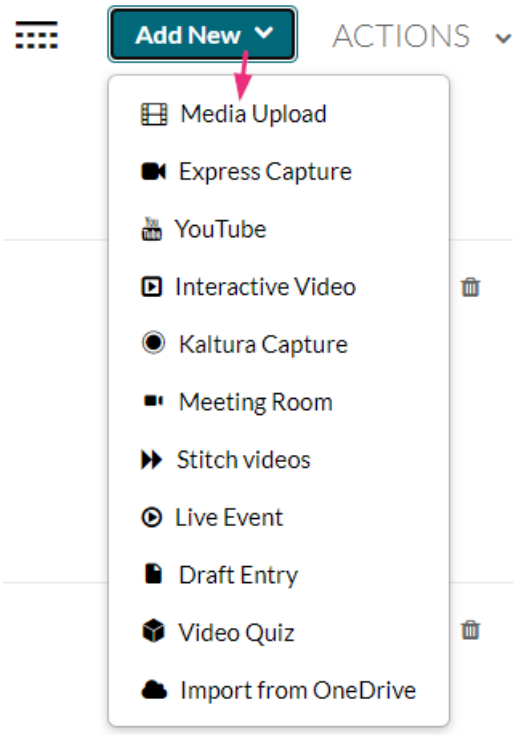

These instructions apply to the legacy **LMS Video** integration. If you're using LMS Video with Theming, please refer to the LMS Rich Media Extensions category.

Once you've uploaded your videos, you can set up the player to play them the way you want by adjusting the look, features, and controls to match your style and needs. To learn more, visit our article Introduction to Kaltura's v7 player.

## Upload media

1. On your **My Media** page, click the **Add New** button to the right and select **Media Upload**.
