

Logging into Events

Last Modified on 05/07/2026 11:22 pm IDT

 This article is designated for all users.

About

After you are added as a user to a Kaltura experiences account, you may use your appropriate credentials to login to Kaltura experiences. This article will walk you through logging in via the application or Single sign-on (SSO).

Application log in

1. Access the Kaltura experiences URL. The Login screen displays.

Welcome!

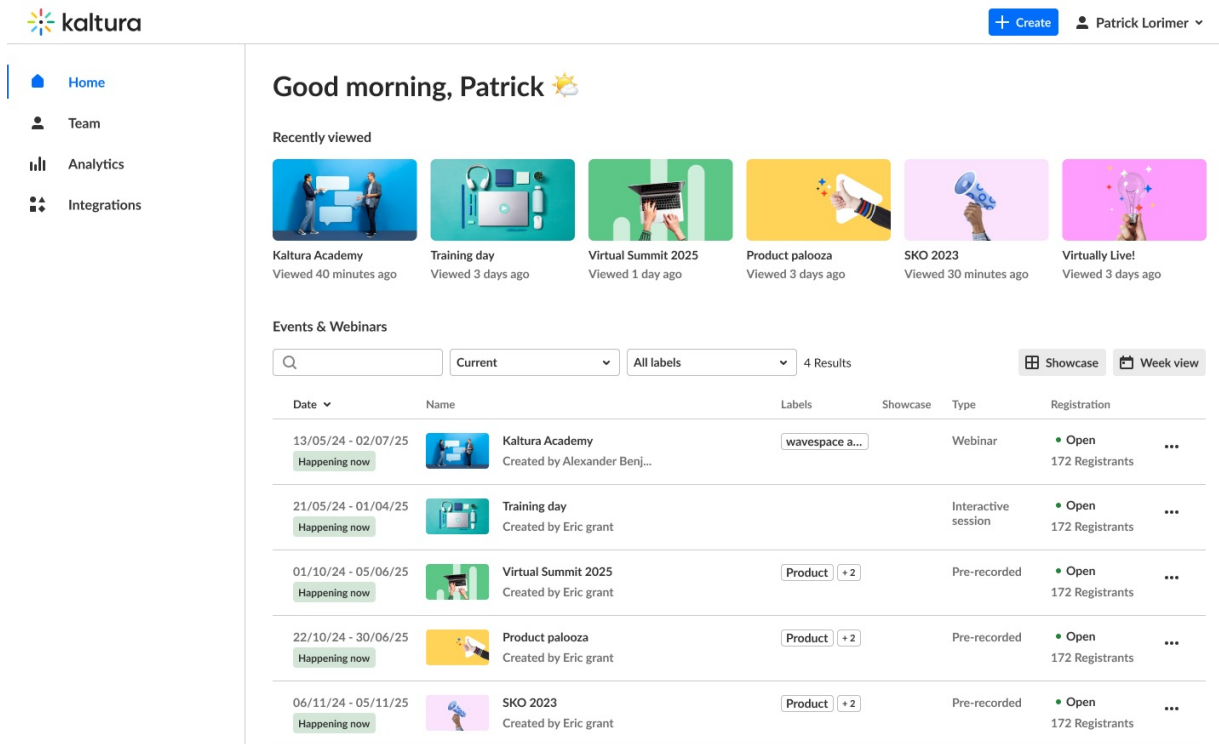

Email

Password

[Forgot your password?](#)

[Login SSO](#)

2. Type your email address in the Email field and your password in the Password field.
3. Click **Log In**. The Kaltura Events Home page displays with the Home tab open by default.

Kaltura wants to keep you in the know and involve you in our product roadmap! You may see a notification like this upon login, sharing information like a new feature or update, or asking for your vital input on a topic.

Transform Your Videos with AI

Instantly turn your videos into powerful, interactive experiences with Content Lab:

- **Clips** - Extract and share key moments
- **Quizzes** - Assess how well viewers understand
- **Summary & Chapters** - Make long videos scannable with chapter guides
- **Metadata Enrichment** - Boost discoverability with smart titles, descriptions, and tags

Get free credits to try Content Lab, added to your Reach account.

Once closed, you can always reach these notifications again via the present icon located in the lower left corner of your screen.

Single sign-on (SSO) login

Note: Authentication through your IdP is required before you may access Kaltura experiences. If you haven't authenticated before beginning the process of logging into Kaltura experiences, you will be asked to do so. Steps to complete the authentication may include entering a username and password, sending a "push" notification to obtain an authentication code, etc.

The information you are asked to provide during the login process depends on how your account is configured. See the following administrative articles regarding account configuration using Auth Broker:

[Create and manage SAML profiles](#)

[Subscribe Rich Media CMS and Event accounts to Auth Broker profiles](#)

[Auth Broker](#)

1. Access the Kaltura experiences URL. The Login screen displays.

Welcome!

Email

Password

[Forgot your password?](#)

[Log in](#)

Login SSO

2. Click **Login SSO**. The Single sign-on (SSO) login screen displays.

Single sign-on

Email

Organization ID (Optional)

[Continue](#)

Application login

3. Type your work email in the Email field.
4. If you have been provided an Organization ID for login, type it in the Organization ID

(Optional) field.

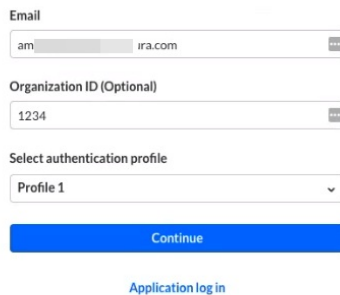

Organization ID is only optional if your company does not require one for login. If you do not enter an Organization ID when your company requires one for login, you will be prompted to enter an Organization ID before proceeding with the login process.

5. Click **Continue**. If multiple authentication profiles exist on this account, the login screen expands to display an additional field called Select authentication profile.

Single sign-on

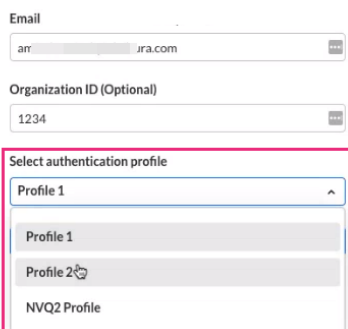

The screenshot shows a 'Single sign-on' form with the following fields: 'Email' (containing 'am...@ira.com'), 'Organization ID (Optional)' (containing '1234'), and 'Select authentication profile' (a dropdown menu showing 'Profile 1'). Below the form is a blue 'Continue' button and a link for 'Application log in'.

6. Select your authentication profile from the pull-down menu.

Single sign-on

This screenshot is identical to the previous one, but the 'Select authentication profile' dropdown menu is expanded, showing a list of options: 'Profile 1', 'Profile 2', and 'NVQ2 Profile'. A mouse cursor is pointing at 'Profile 2'.

7. Click **Continue**. The Kaltura Events Home page displays with the Home tab open by default.
