Re-streaming a Live Broadcast

Overview

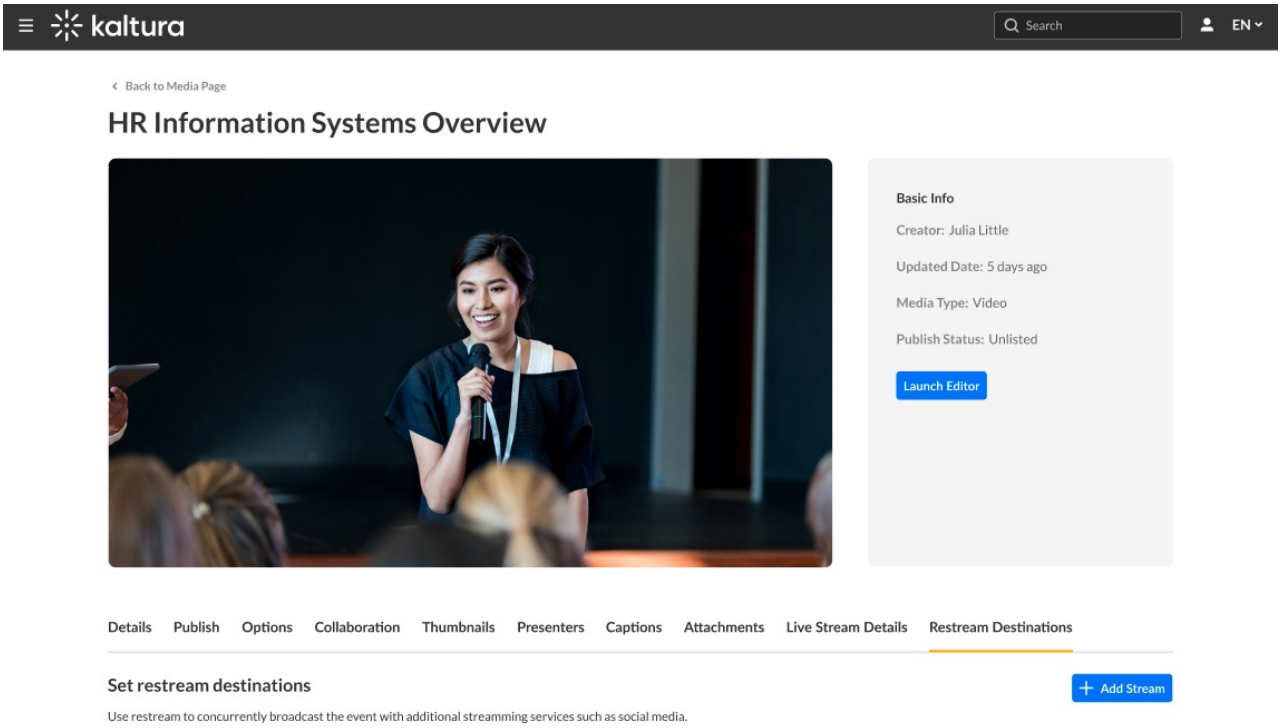

When using Kaltura's Live Broadcasting services, you can choose to re-stream your scheduled live event to any RTMP based live broadcasting service. When re-stream is set, Kaltura will take care of replicating your live stream and concurrently stream it to additional live broadcasting services such as social media live streaming.

Note that re-streaming is only available for scheduled live events such as Webcasts and Town Hall events.

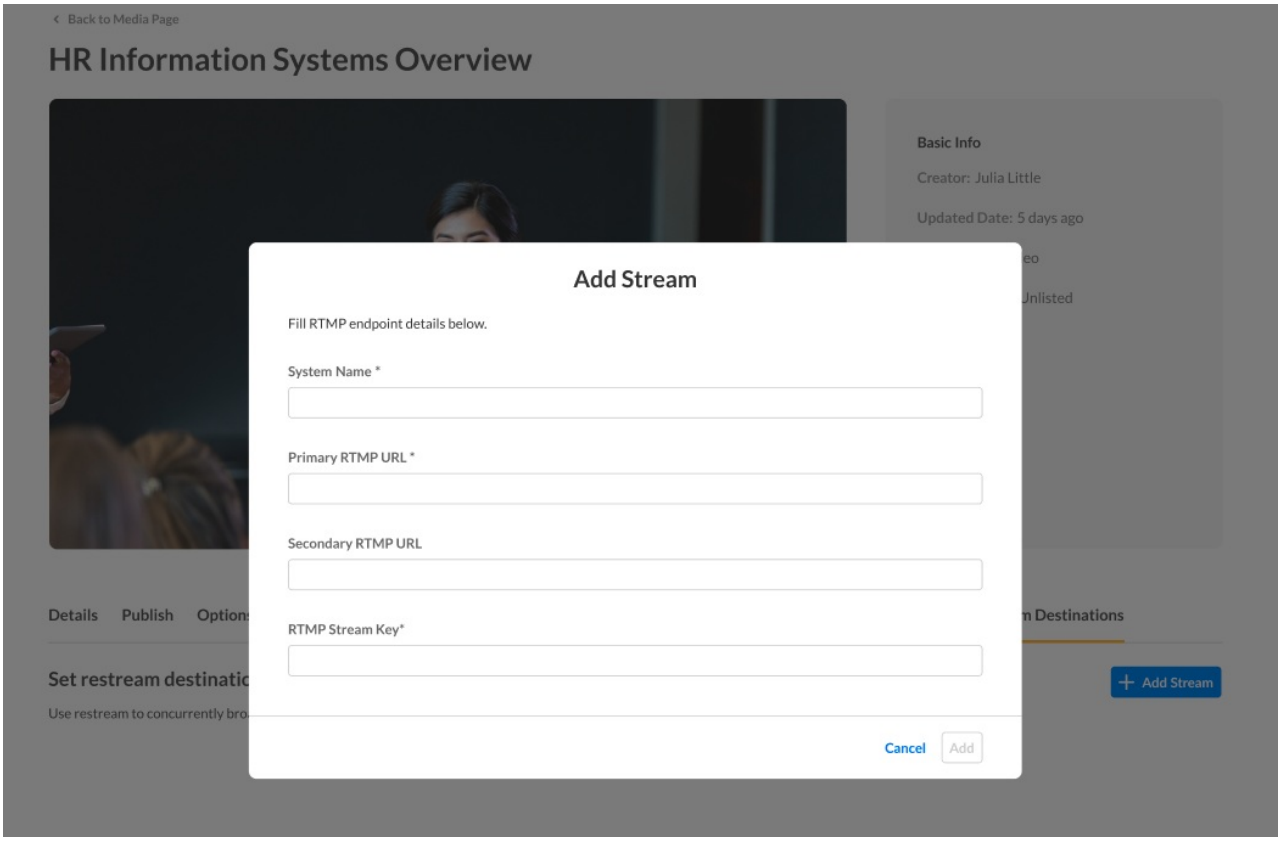

Configuring the Live Re-Stream Feature

To enable Live re-streams go to your Webcast/Townhall event edit page and select the **Restream Destinations** tab:
