 This article is designated for all users.

About

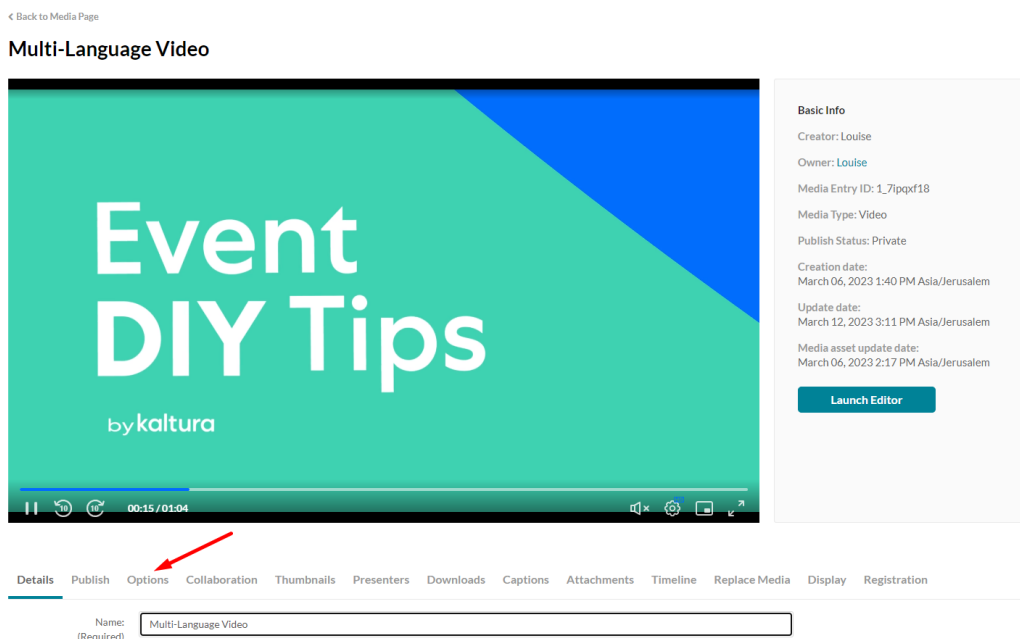

You can manage how users interact with your media by disabling comments or closing the discussion. These settings apply to a single media item.

Access the edit page

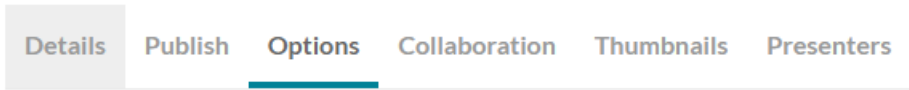

1. On the [My Media](#) page, click the pencil icon next to the media you want to edit.

2. When the edit page opens, click the **Options** tab.

3. Check **Disable comments for this media**.

Comments: Disable comments for this media
 Close discussion (do not allow new comments)

The **Comments** tab is now hidden on the media page. Comments that were entered before you disabled the comment feature will be shown if you re-enable comments.

Comments cannot be disabled/enabled for multiple channels at once.

4. Check **Close discussion (do not allow new comments)**.

Comments: Disable comments for this media
 Close discussion (do not allow new comments)

On the **Comments** tab of the media page, "Discussion is Closed" appears and the "Add a Comment" field is hidden.
