

Access a channel playlist

Last Modified on 04/14/2025 2:43 pm IDT

 This article is designated for all users.

About

Accessing channel playlists unlocks a world of content curated to specific themes or topics. Whether you're into educational material, campaign highlights, or leaderboard updates, playlists are your go-to for easy navigation and engagement. Dive in to efficiently discover and enjoy videos that match your interests perfectly!

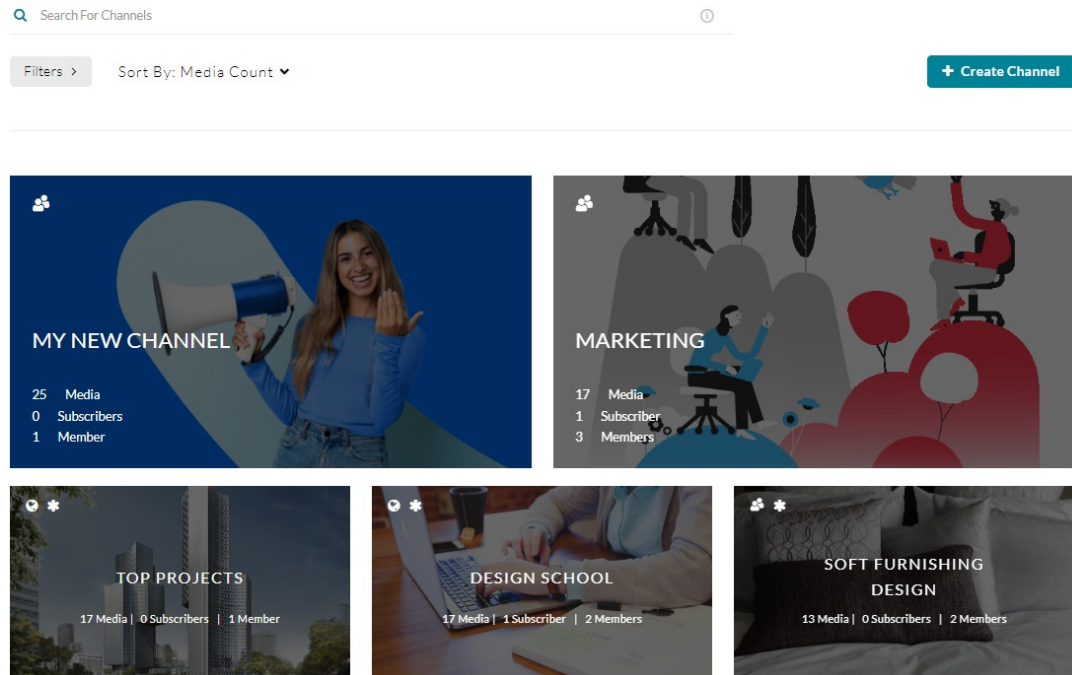

Access the channel

1. Select **My Channels** from the user menu.

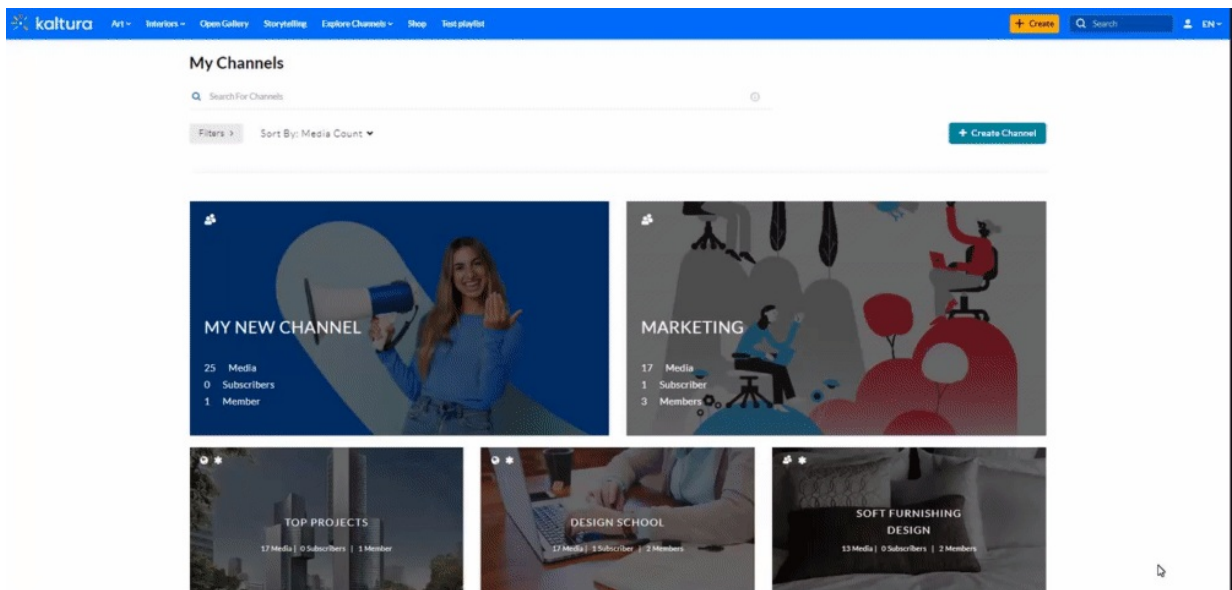

The **My Channels** page displays.

My Channels

2. Click on a channel's thumbnail to open the channel.

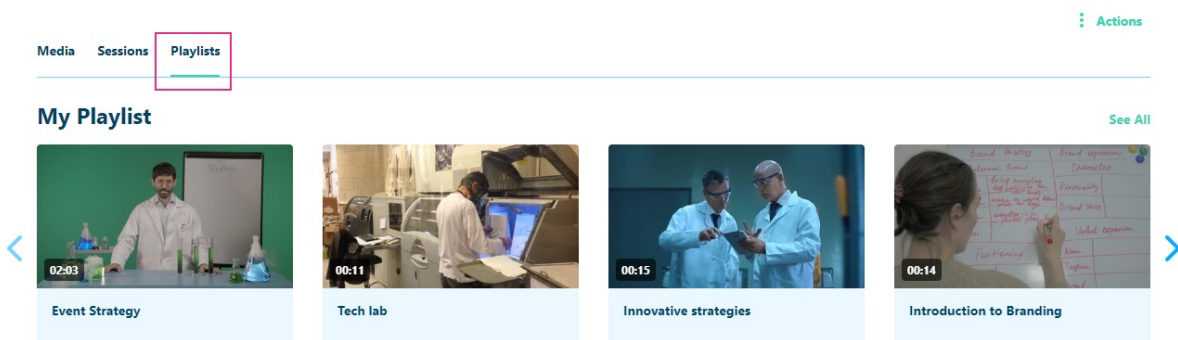

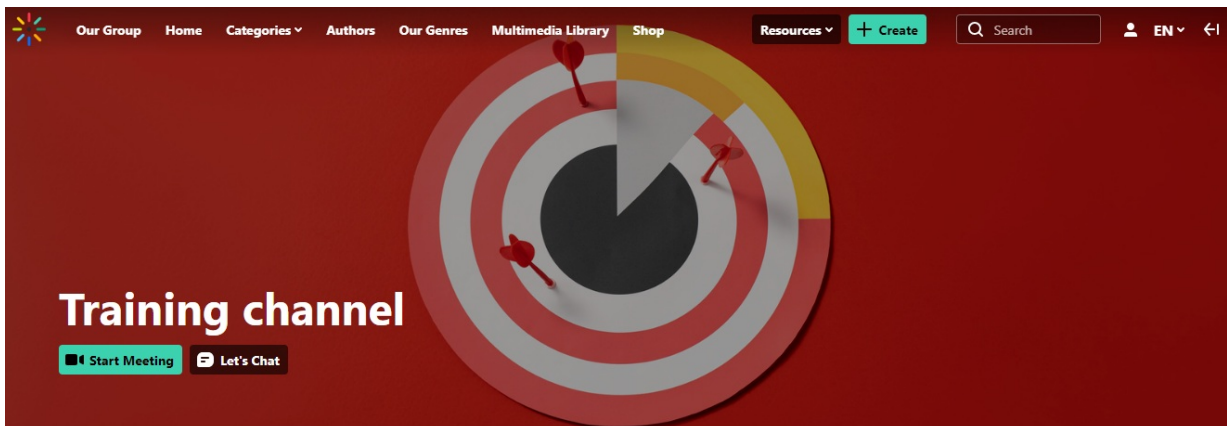

The channel displays.

Access the playlists

Click the Playlists tab to display the playlists.

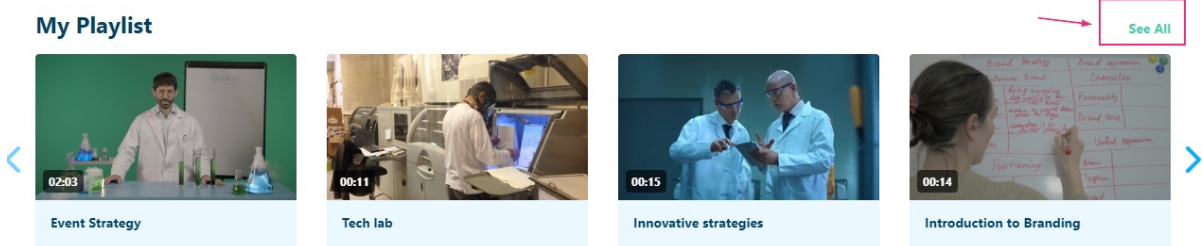

The Playlists tab is visible only if playlists are available in the channel.

Playlists are displayed with a name, description (if configured), and accompanying media thumbnails to identify the content.

Click **See All** to see the entire playlist, or click on the thumbnail or the playlist name to watch.

Here's an example of what you see after clicking "See All".
