

## Add pre-test questions to a quiz

Last Modified on 06/09/2025 2:19 pm IDT

 This article is designated for all users.

### About

Want to give your quiz participants a chance to prepare ahead of time? You can easily enable a Pre-test that lets them download all quiz questions (and answer options) before they begin.

### Enable pre-test questions

If you're not already in the quiz editor, you can launch it from the video quiz itself by clicking the **three dots** under the player.

**Start your video quiz!**

In this video, you will be given a Quiz. Good Luck!  
All questions must be answered. The quiz will be submitted at the end.  
Total attempts available for this quiz: 2

Select **Launch editor**.

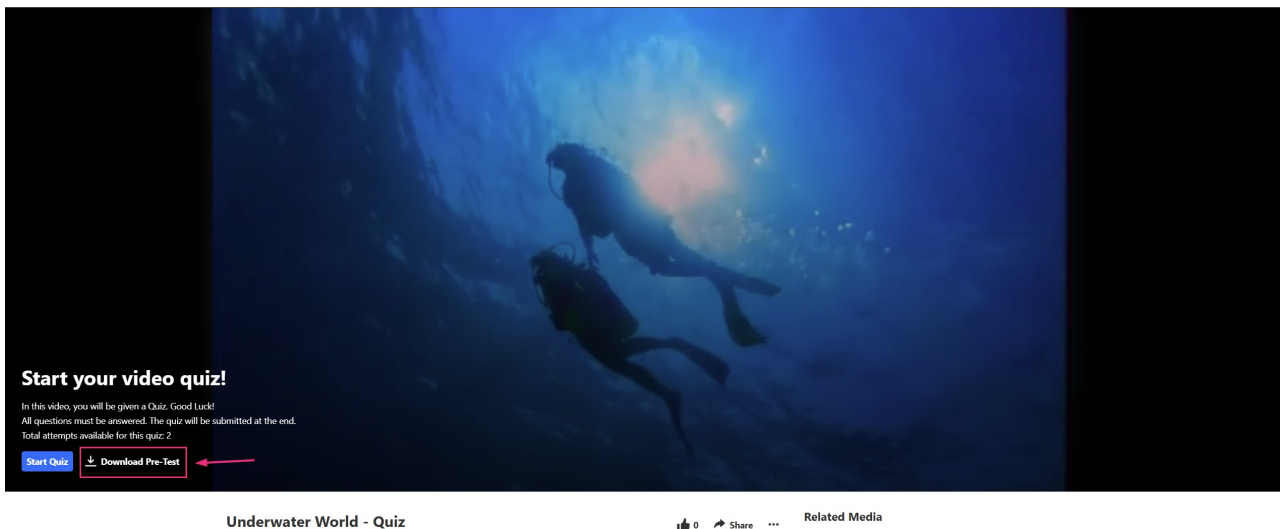

In the quiz editor, go to the [Details](#) tab and check **Allow Download of Questions List**.

When you preview the quiz, you'll see the **Download Pre-test** button on the opening screen.

Once the quiz is published, participants can click the button to download the questions and answer options as a PDF, just like the example shown below.

Example of pre-test questions pdf:
