About

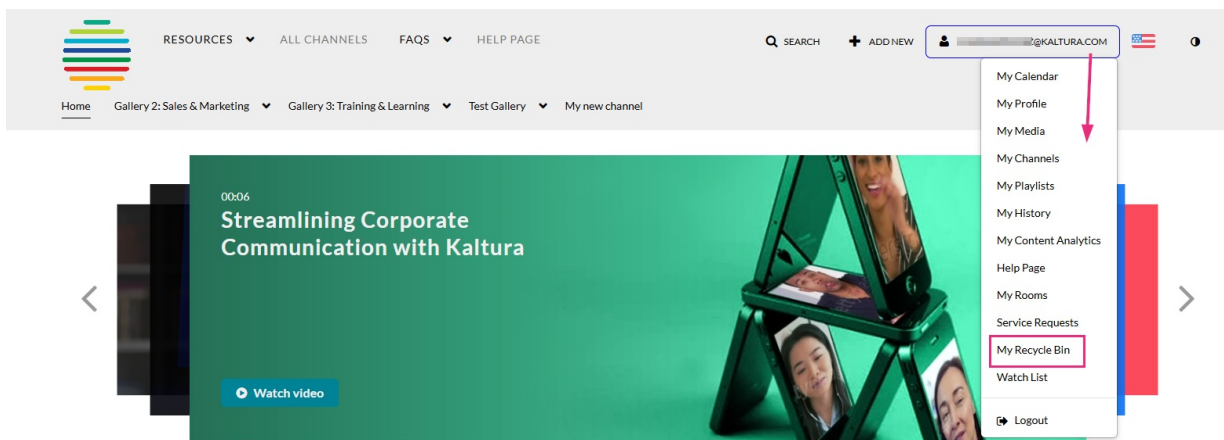

Although the items in the recycle bin are automatically deleted after a specified number of days, an item can also be permanently deleted manually by the media owner.

The **recycle bin retention period** (number of days items stay in the recycle bin before being permanently deleted) is configured by Kaltura account management or the Customer Care team.

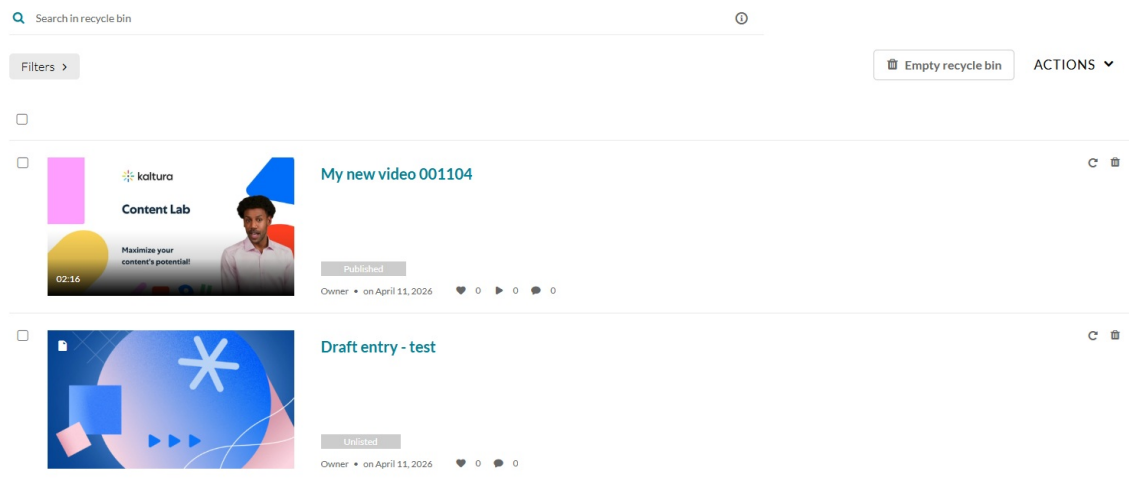

Delete a single item

1. From the user menu, choose **My Recycle Bin**.

The **Recycle Bin** page displays.

2. Click the trash can icon next to the item.

A confirmation message displays.

3. Click **Delete**.

The item is permanently deleted.

Delete multiple items

If there are many media items in the Recycle bin, you can use the **Search** and **Filters** to find the items.
