About

Gallery owners and managers can edit the gallery's details, theme, and manage users. To learn more about Kaltura's Video Portal galleries, visit [Understanding galleries](#).

 If you can't access your gallery's Edit page, ask your administrator to give you the required permission.

Navigate to the Edit page

1. Log into your video portal.
2. Locate the gallery that you want to edit on the navigation bar and click on it.

The gallery page displays.

3. Click the edit icon (three bars).
4. Choose **Edit** from the drop-down menu that appears.

The **Details** tab of the Edit page displays.

Details

1. Complete the following fields for your gallery:

Name – This is the name displayed on the navigation bar and was created when the gallery was created. If you'd like to change it, you can do so by deleting the name and typing a new one.

Description – Enter a summary of the gallery content which will display on the gallery page.

Tags – Enter a descriptive tag to use in searches.

Reference ID - (Optional) Enter an external identifier for supporting integrations with systems external to Kaltura.

2. Edit the **Privacy** settings:

Open - Anyone can view content (including anonymous users) but only administrators and category members can contribute content.

Restricted - All logged in users can view content but only category members can contribute content.

Private - Only category members can view and contribute content.

Note: Sub-categories under a private category will be visible only to members of those sub-categories.

3. (Optional) Edit the **Options** settings:

Moderate content (Media will not appear in category until approved by category manager.)

Enable comments in category.

Keep comments private to category.

4. Scroll down and click **Save**.

A success message appears: 'The information was saved successfully.'

Theme

1. Set the desired theme for your gallery:

First tab: Select which tab should show first when the gallery page opens: Media, Channels or Category moderation.

 The [Channelcategories](#) module must first be enabled by the administrator.

Learn how to add channels to your gallery in our article [Associate a channel to a category](#).

2. **Gallery Player Set:** A player set contains a list of players, one for each type of media. Media with no player will use the default media player.

 The player set must first be configured in the [Categorytheme](#) module by the administrator.

Theme Preference: Choose which theme should take precedence in cases where a themed entry is published in this gallery.

3. Click **Submit**.

Users

Invite users / groups to your gallery and set their permissions.

 The users that appear in the list are added by the administrator in KMC.

Number of users

The total number of users is displayed.

Filter

If you have a long list of users, you can use the filter to search for users by permission.

Add users

1. Click the **+Add Users** button.
The Add Users screen displays.
2. Type in the user name.
3. Select permission from the following options:
 - o Member
 - o Contributor
 - o Moderator
