Screen annotation tools for Kaltura Capture desktop recorder

Content updated: 06/10/2023

This article is designated for all users.

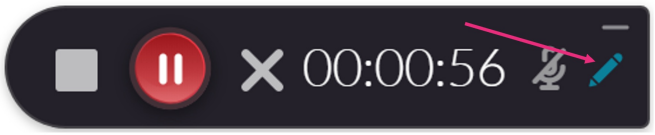

About

Screen annotations let you draw, highlight, and add text while recording your screen in Kaltura Capture.

Annotations are available only during screen recordings. They aren't available when you're recording your camera only.

Open the annotation toolbar

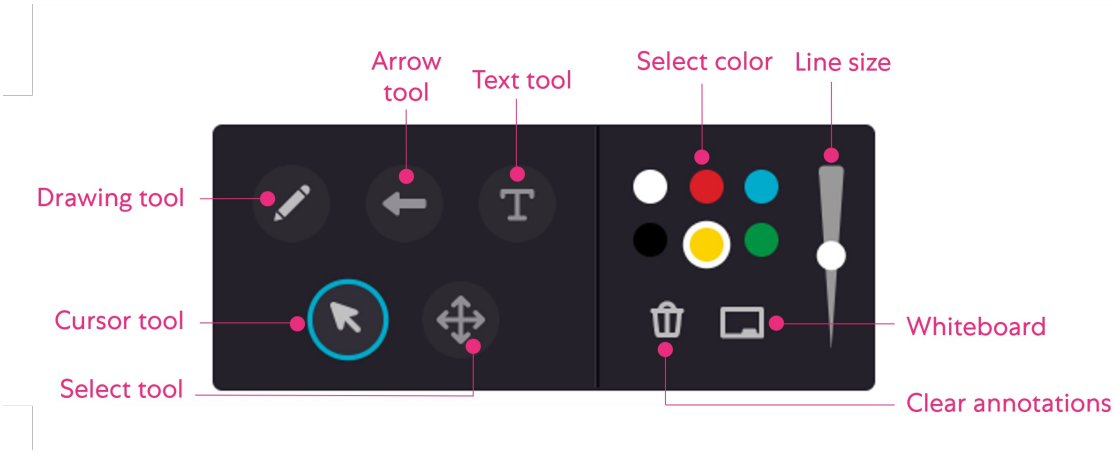

1. Start your screen recording in Kaltura Capture.
2. Click the **pencil icon** on the control panel to expand the annotation tools panel.

Click the pencil icon again to hide the annotation tools.

Annotation tools

The annotation toolbar includes the following tools:

Copyright © 2025 Kaltura Inc. All Rights Reserved. Designated trademarks and brands are the property of their respective owners. Use of this document constitutes acceptance of the Kaltura Terms of Use and Privacy Policy.

Tool	Description
Arrow	Draw arrows to highlight items on your screen.
Text	Add text anywhere on the screen. You can enter up to 500 characters, including special characters, hyperlinks, and text in multiple languages.
Color	Select the annotation color: white, red, blue, black, yellow, or green.
Line size	Increase or decrease the line thickness for drawing tools.
Drawing	Draw freehand annotations on the screen.
Cursor	Return to normal cursor mode after using the annotation tools.
Select	Select and move an existing annotation or select an area of the screen.
Whiteboard	Open a blank whiteboard for creating additional annotations.
Clear annotations	Remove all annotations from the screen.
