Set your devices

Before entering the session, you are prompted to set your devices. For more information, see [Manage your device settings in a Kaltura Room in Kaltura Virtual Events](#).

Make any necessary adjustments to your devices, then click **Join as viewer** or **Join stage** button (as applicable) to enter the session.

- **Join as a viewer** - Joining as a viewer gives you basic capabilities in the session as a member of the audience. You can view whatever or whoever is on stage while your mic and camera are disabled. You'll also be listed in the viewer section of the participants list. You can interact in the room, whether by raising your hand or writing in the chat. In addition, depending on your permissions, you can present content too.
- **Join stage** - Clicking **Join stage** allows you to present in the room with your camera and mic enabled (you can toggle them off at any time).

Please note - If the session is locked, you will see the following message until the host admits you:
