## **About**

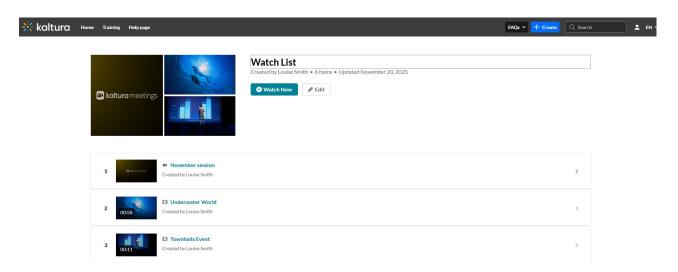

Want to keep your Watch List up to date? You can quickly remove items you've already watched or no longer need. Here's how to review and clear entries in just a few clicks.

## **Access your Watch List**

Select Watch List from the user menu.

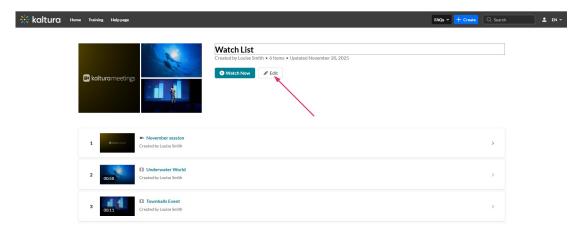

The Watch List page displays.

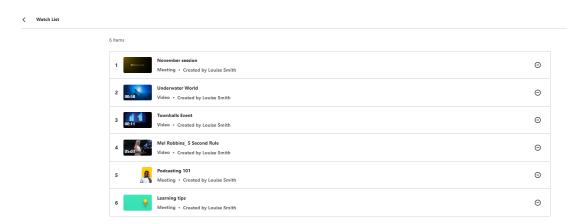

## Remove entries

1. On the Watch List page, click **Edit**.

The **Edit** page displays.

2. Click the **remove icon** (minus sign) next to the entries you want to remove.

3. Click **Save** at the top right.

The entries are removed.
