### About

**Pre-recorded live sessions** are pre-recorded videos that are broadcasted as if they were live. They are considered as if they were a live broadcast from the system's point of view (player, analytics, etc.).

## Pre-recorded live session

Minimize the day-of stress by uploading a session recording in advance, broadcasted in the highest quality

The diagram illustrates the Pre-recorded live session workflow. It features a central video player interface showing a session recording. To the left, a 'Session recording' overlay displays the video title 'Kaltura Connect Opening Keynote' and duration 'Duration: 1:00:00', with options to 'Unpublish' or 'Download'. To the right, a list of participants is shown, including 'Kaltura Connect Opening ...', 'Kevin Berry', 'Robert Olivia', and 'Noah Smith'. Below the video player, three key steps are highlighted with vertical lines:

- Upload your session recording in advance
- Broadcast in highest quality, up to 4K
- Schedule and broadcast content right on time, no bloopers

### To create a Pre-recorded live session

1. Log into your Kaltura Events account. The Kaltura Events Home page displays with the Home tab open by default.

Good morning, Patrick 🌞

If your Kaltura Events is configured with Custom templates (as in our example above), the Get started with a template page displays two tabs - one for Preset templates (Presets) and one for Custom templates (Custom). If Custom templates are not configured, the Get started with a template page does not display the two tabs, and only displays Preset templates from which to choose.

3. Choose the Pre-recorded live Session preset template. The Let's get started page displays.

## Let's get started

Start with a few details about your event

**Attendees will log into the event with:**

☒ Login link via email

☐ Email and password

**Create** [Cancel](#)

4. Enter the following:
  - Title - A title for your event (char limit is 120).
  - Short description - A description for your event.
  - Start time - The day and time your event will start.
  - End time - The day and time your event will end.
  - Time zone - The time zone for your event.
5. Choose whether attendees will log into the event with a login link via email (AKA Magic Link), or with an email and password. **This option is only available for Preset event templates and, after creation of event, can only be changed by Kaltura. On Custom event templates, this will be preconfigured by the template.**
6. Click **Create**. The building process begins. This may take a few minutes.

## Creating your event

Once complete, the Event page displays with the Overview tab open by default.
