 This article is designated for all users.

## About

**Blank template** gives you the ability to start from scratch and create your own event with our blank template. This way, you are not associating your event with a specific session type. You are creating an event, *then* adding sessions to your agenda.

## To use a Blank template

1. Log into your Kaltura Events account. The Kaltura Events Home page displays with the Home tab open by default.

The screenshot shows the Kaltura Events Home page. The top navigation bar includes the Kaltura logo, a '+ Create' button, and the user name 'Patrick Lorimer'. The left sidebar contains links for Home, Team, Analytics, and Integrations. The main content area is titled 'Good morning, Patrick' and features a 'Recently viewed' section with five event cards: Kaltura Academy, SKO 2023, Virtual Summit 2023, Training day, and Product palooza. Below this is an 'Events & Webinars' section with a search bar, filters for 'Current' and 'All Labels', and a 'Showcase' button. The table below lists several events with their dates, names, labels, showcase status, type, and registration status.

Date	Name	Labels	Showcase	Type	Registration

If your Kaltura Events is configured with Custom templates (as in our example above), the Get started with a template page displays two tabs - one for Preset templates (Presets) and one for Custom templates (Custom). If Custom templates are not configured, the Get started with a template page does not display the two tabs, and only displays Preset templates from which to choose.

- Choose the Blank template. The Let's get started page displays.

## Let's get started

Start with a few details about your event

☐ Email and password

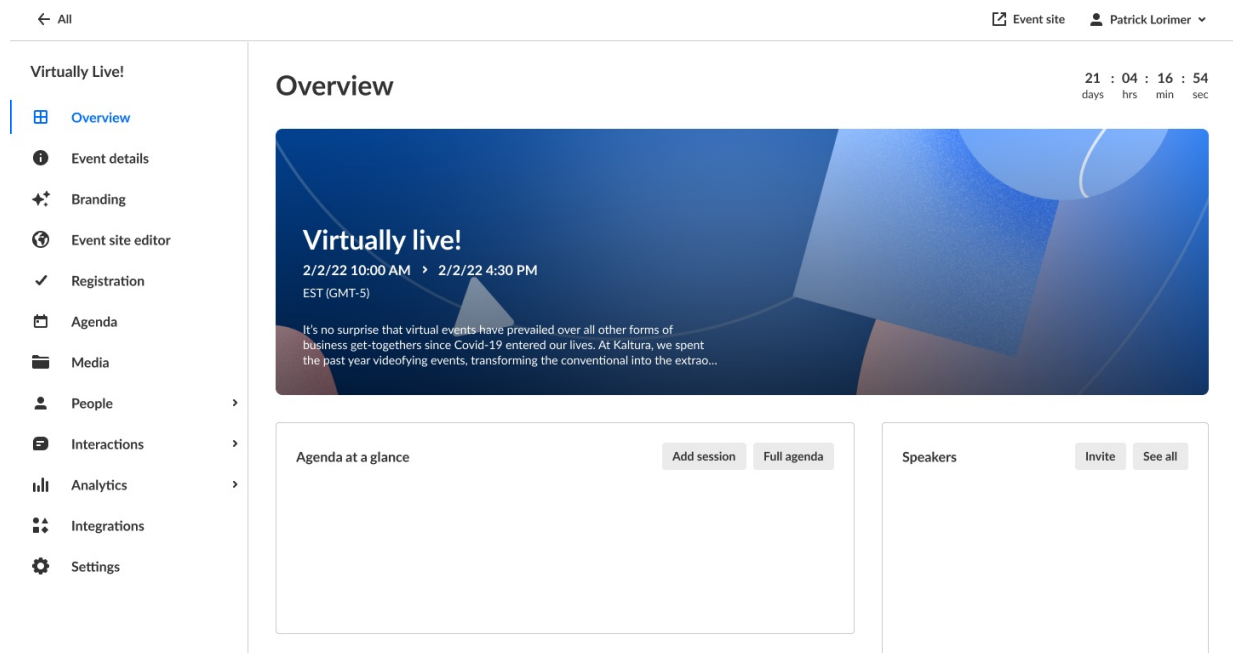

**Create** [Cancel](#)

4. Enter the following:
  - Title - A title for your event (char limit is 120).
  - Short description - A description for your event.
  - Start time - The day and time your event will start.
  - End time - The day and time your event will end.
  - Time zone - The time zone for your event.
5. Choose whether attendees will log into the event with a login link via email (AKA Magic Link), or with an email and password. **This option is only available for Preset event templates and, after creation of event, can only be changed by Kaltura. On Custom event templates, this will be preconfigured by the template.**
6. Click **Create**. The building process begins. This may take a few minutes.

## Creating your event

Once complete, the Event page displays with the Overview tab open by default.

The event site and registration are not yet published at this point.

The Overview page acts as the home page for this particular event. This page displays the vital details of the event. Information displayed includes:

- Event status - A countdown to when the event will start, "Happening now", or "Ended [time period] ago"
- Event name, scheduled date/time duration, time zone, and description (if provided).
- Agenda at a glance - Displays a list of event sessions, including access to the session page, session analytics, and editing capabilities for each. You may click **Add**

**session\*** to add a new session to your event and **Full agenda** to access the Agenda page.

- **Speakers** - Displays a list of speakers scheduled for the event, including headshot and bio (if provided), registration status, and access to editing capabilities for each. You may click **Invite** to invite a new speaker to the event and **See all** to access the Speakers page.

The Overview page also includes a link to the event site; simply click the blue **Event site** button on the top right corner of the screen. To learn more about your event site, see [Getting to know your event site, session page, and lobby page](#).
