

Overview page for events

Last Modified on 01/03/2026 7:54 pm IST

 This article is designated for all users.

About

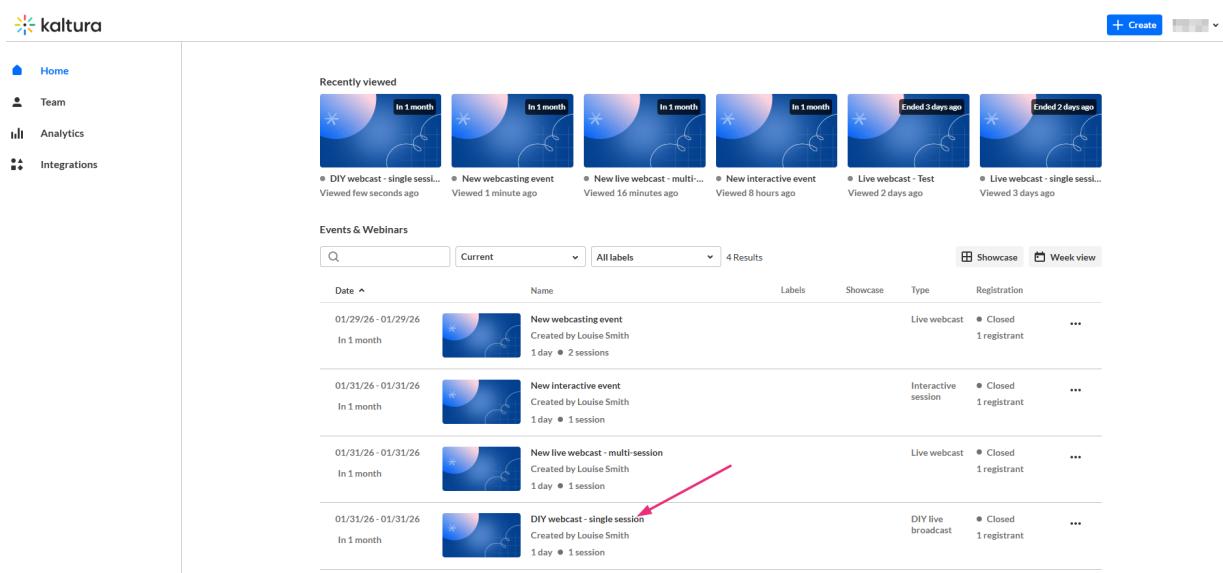

The **Overview** page acts as the homepage for your event. The layout and available options on the Overview page depend on two factors: the type of event you're building (single session or multi-session) and the template you selected - Interactive session, Live webcast, Pre-recorded live, or DIY live broadcast.

Looking for more information about single session events? Feel free to contact your Kaltura representative.

Navigate to the Overview page

1. Log into your Events account.
The homepage displays.
2. Click the event you want to view.

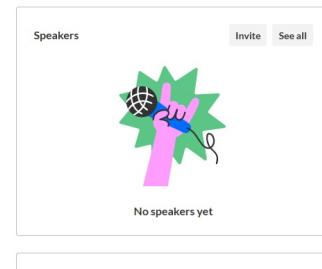

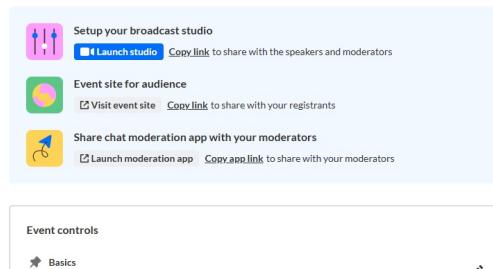

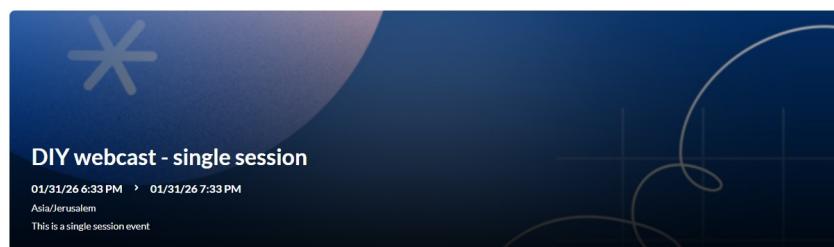

Date	Name	Labels	Showcase	Type	Registration
01/29/26 - 01/29/26 In 1 month	New webcasting event Created by Louise Smith 1 day • 2 sessions			Live webcast	• Closed 1 registrant
01/31/26 - 01/31/26 In 1 month	New interactive event Created by Louise Smith 1 day • 1 session			Interactive session	• Closed 1 registrant
01/31/26 - 01/31/26 In 1 month	New live webcast - multi-session Created by Louise Smith 1 day • 1 session			Live webcast	• Closed 1 registrant
01/31/26 - 01/31/26 In 1 month	DIY webcast - single session Created by Louise Smith 1 day • 1 session			DIY live broadcast	• Closed 1 registrant

The 'Overview' page opens by default.

If you navigate away, just click **Overview** at the top of the left panel to return.

Virtually live!
2/2/22 10:00 AM > 2/2/22 4:30 PM
EST (GMT-5)

It's no surprise that virtual events have prevailed over all other forms of business get-togethers since Covid-19 entered our lives. At Kaltura, we spent the past year videoing events, transforming the conventional into the extra...

This page displays the vital details of the event. It offers a centralized place to manage and customize event information. It includes the following:

(1) Event status - A countdown to when the event will start, "Happening now", or "Ended [time period] ago"

(2) Event name, scheduled date/time duration, time zone, and description (if provided).

(3) Click **Launch studio** to activate your broadcast studio, add slides and images to your live session, and start broadcasting directly from a Kaltura webcast studio (if the stream has already been initiated through the encoder tool). Click **Copy link** to copy and share the link to the Studio with a moderator. See [Kaltura webcast studio](#) for complete information.

(4) Click **Visit event site** to access the event page. Click **Copy link** to copy and share a link to the event page with your registrants.

(5) Moderation links - Click **Launch moderation app** to access the chat moderation app, which allows you and your moderators to organize, manage, and answer Q&A threads; publish polls and Q&As; and answer private chats during the session. Click **Copy app link** to share a link to the moderation app with your moderators.

(6) Assign resource location - Once you have a configured resource, it becomes available as a resource and appears in the live resource location list. You can then select it when creating your new live webcast event to easily stream from that source. See [Assign resource location](#) for complete information.

(7) Click **Show Live stream details** to access to live stream details. Copy and paste the live stream details into your broadcast app/encoder(s) to stream to this event. See [Obtain live stream details](#) for complete information. You can always hide the live stream details by clicking **Hide live stream details**.

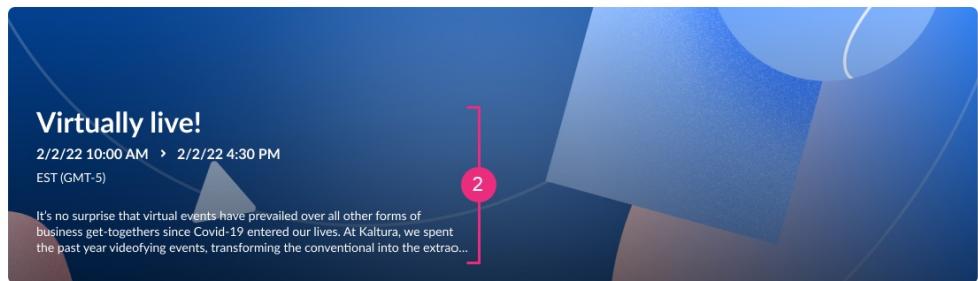

(8) Access to event controls on the Basics, Captions, Attachments, and Share & embed screens. See [Event controls for a single session Live webcast event](#) for complete information.

(9) Speakers and Moderators - Displays a list of speakers and moderators scheduled for the event, including headshot and bio (if provided), registration status, and access to editing capabilities for each. You may click **Invite** to invite a new speaker or moderator to the event and **See all** to access the Speakers or Moderator page.

The Overview page also includes a link to the event site and the landing page; simply hover over the **Visit event site** button on the top right corner of the screen and make your selection.

Single session - Pre-recorded live template

When creating your event, if you chose **Single session Pre-recorded live**, the Overview page looks like this:

This page displays the vital details of the event. It offers a centralized place to manage and customize event information. It includes the following:

(1) Event status - A countdown to when the event will start, "Happening now", or "Ended [time period] ago"

(2) Event name, scheduled date/time duration, time zone, and description (if provided).

(3) Click **Visit event site to access the event page. Click **Copy link** to copy and share a link to the event page with your registrants.**

(4) Moderation links - Click **Launch moderation app** to access the chat moderation app, which allows you and your moderators to organize, manage, and answer Q&A threads; publish polls and Q&As; and answer private chats during the session. Click

Copy app link to share a link to the moderation app with your moderators.

(5) Video source - Ahead of the event you can upload your pre-recorded video or choose a video from the media you've already uploaded to the site:

- Click **Upload** and choose the desired media from your computer (we recommend MP4 and MOV file formats), or click **Choose from media** and select from media that has already been uploaded to the event site via the Media page (for more information, see [Manage Media for your Event](#)).

The upload status appears in this window, and you can cancel the upload while it's processing.

The video must match the scheduled session duration exactly. If the video is longer than the session time, a warning message appears.

- To avoid interruptions, make sure the video finishes uploading before the event starts. Uploading is disabled 30 minutes before the start time and remains disabled while the event is live.
- If you still need to upload media close to the start time, consider postponing the event.

(6) Access to event controls on the Basics, Captions, and Attachments screens. See [Event controls for a single session Pre-recorded live event](#) for complete information.

(7) Speakers and Moderators - Displays a list of speakers and moderators scheduled for the event, including headshot and bio (if provided), registration status, and access to editing capabilities for each. Click **Invite** to invite a new speaker or moderator to the event and **See all** to access the Speakers or Moderator page.

The Overview page also includes a link to the event site and the landing page; simply hover over the Visit event site button on the top right corner of the screen and make your selection.

This page displays the vital details of the event. It offers a centralized place to manage and customize event information. It includes the following:

(1) Event status - A countdown to when the event will start, "Happening now", or "Ended [time period] ago"

(2) Event name, scheduled date/time duration, time zone, and description (if provided).

(3) Click **Launch studio** to activate your broadcast studio, add files to your playlist, and start broadcasting directly from a Kaltura Studio room. Click **Copy link** to copy and share the link to the Studio with moderators and speakers. See [Kaltura Studio room](#) for complete information.

(4) Click **Visit event site** to access the event page. Click **Copy link** to copy and share a link to the event page with your registrants.

(5) Moderation links - Click **Launch moderation app** to access the chat moderation app, which allows you and your moderators to organize, manage, and answer Q&A threads; publish polls and Q&As; and answer private chats during the session. Click **Copy app link** to share a link to the moderation app with your moderators.

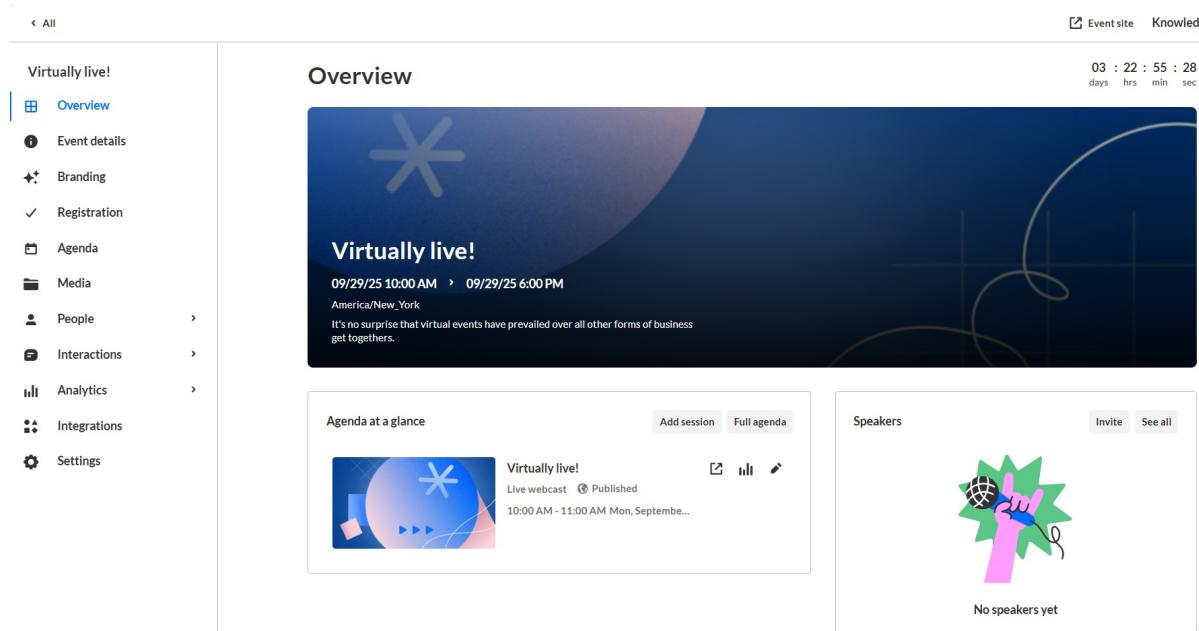

(6) Access to event controls on the Basics, Captions, Attachments, and Share & embed screens. See [Event controls for a single session DIY live webcast event](#) for complete information.

(7) Speakers and Moderators - Displays a list of speakers and moderators scheduled for the event, including headshot and bio (if provided), registration status, and access to editing capabilities for each. Click **Invite** to invite a new speaker or moderator to the event and **See all** to access the Speakers or Moderator page.

The Overview page also includes a link to the event site and the landing page; simply hover over the Visit event site button on the top right corner of the screen and make your selection.

Multi-session - All templates

If you chose **Multi session for any template**, the Overview page looks like this:

This page displays the vital details of the event. Information displayed includes:

- Event status - A countdown to when the event will start, "Happening now", or "Ended [time period] ago"
- Event name, scheduled date/time duration, time zone, and description (if provided).
- Agenda at a glance - Displays a list of event sessions, including access to the

session page, session analytics, and editing capabilities for each. You may click **Add session*** to add a new session to your event and **Full agenda** to access the Agenda page.

- **Speakers** - Displays a list of speakers scheduled for the event, including headshot and bio (if provided), registration status, and access to editing capabilities for each. Click **Invite** to invite a new speaker to the event and **See all** to access the Speakers page.

The Overview page also includes a link to the event site; simply click the **Event site** button on the top right corner of the screen. To learn more about your event site, see [Getting to know your event site, session page, lobby page, and main stage](#).

*For more information on adding sessions, see the following articles:

[Add an Interactive Room session](#)
