About

This article describes how to add a Pre-recorded session to your multi-session event.

Pre-recorded sessions are pre-recorded videos that are broadcasted as if they were live. They are considered as if they were a live broadcast from the system's point of view (player, analytics, etc.).

This article applies only to **multi-session events**.

Some behavior described here applies to a non-default configuration. Customer-specific variations are highlighted where applicable.

Add a Pre-recorded session

1. From the Kaltura Events home page, click on the event you want to manage.

3. Fill in the required fields and any additional information you want to display on the

agenda (see [the section below](#) for details).

4. When you're finished, click the blue **Create** button at the bottom right.

Your new session is added and appears on the **Overview** page.

Session details

Complete the required fields and any additional information you want to show on the agenda.

Thumbnail image

Click **Upload thumbnail** to upload an image (recommended size: 1920 × 1080 px)

Title (required)

Type a title for your session (up to 120 characters; characters < and > aren't supported).

Description

Type a description for your session.

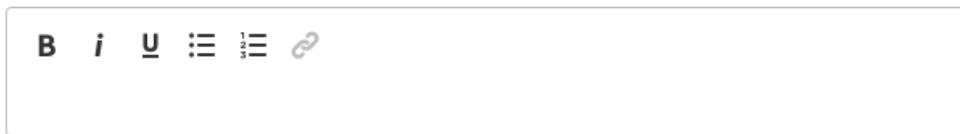

When entering a URL in the Description field, use **http(s)://** (full path) for external links.

Tags

Apply existing tags or create new ones for your session. You can then filter your [Agenda page](#) and the [Agenda section of Page builder](#) based on these unique tags.

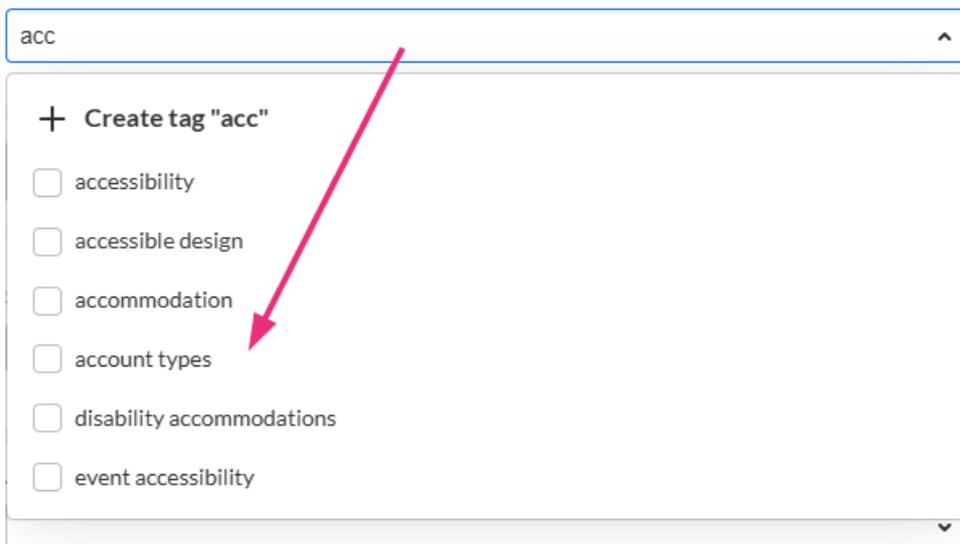

- **To add an existing tag**, start typing and select it from the list

Description

A text input field for the description, containing icons for bold (B), italic (i), underline (U), bulleted list, numbered list, and link.

Tags

A dropdown menu for tags. The search input contains 'acc'. The dropdown list shows a '+ Create tag "acc"' option and a list of existing tags: accessibility, accessible design, accommodation, account types, disability accommodations, and event accessibility. A red arrow points to the 'account types' tag.

- **To create a new tag**, type your new tag in the Add tags field, then click **+Create tag "[tag name]"**.
- **To detach a tag from a session**, click "X".

Session tags are visible to event attendees.

Date and time (required)

- **Date** (required) - Select the session start date

- **Time** (required) - Select the session start time
- **Duration** (required) - Enter the session length in minutes (max is 1440 minutes = 24 hours).

Video source

In the Video source section, click **Upload** and choose the desired media from your computer (we recommend MP4 and MOV file formats), or click **Choose from media** and select from media that has already been uploaded to the event site via the Media page (for more information on uploading media to the event site, see [Manage Media for your Event](#)). Media upload status is displayed in this window once video source has been selected and you may choose to cancel the action while processing. Upload status is also displayed on the Agenda.

Media must be the same duration as the scheduled session time - no longer and no shorter. If the media is longer than the scheduled session time, a warning message displays. In addition, to avoid interruptions, media must complete uploading prior to the broadcast's start time. 30 minutes before broadcast start time, Upload functionality will be disabled and will remain disabled while the session is in progress. If the session is about to start, and you would like to upload media, consider postponing the start time of the broadcast.

Speakers

Add speakers who have already been assigned a **Speaker** role in the event.

Start typing the name and select it from the list

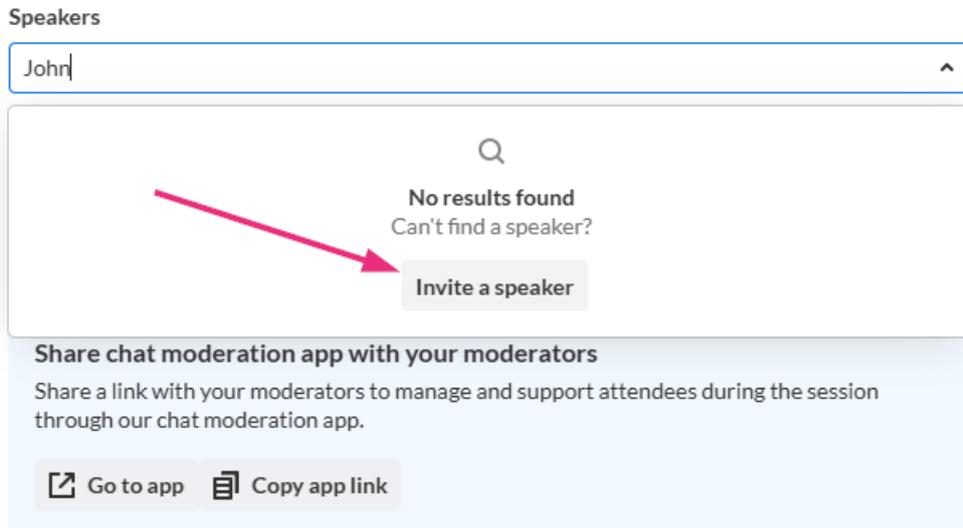

Date	Time	Duration (Minutes)
<input type="text" value="mm/dd/yyyy"/>	<input type="text" value="hh:mm aa"/>	<input type="text" value="60"/>

Speakers

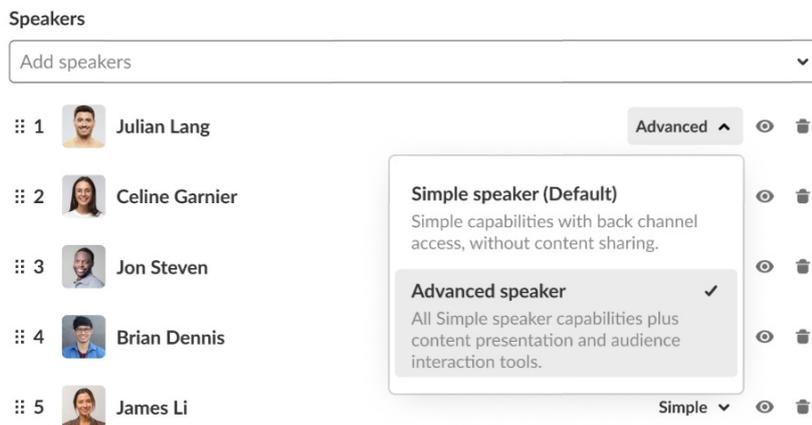

LS Louise Smith louise.████████@kaltura.com

If no results are found, click **Invite a speaker**. This re-directs you to the [Speakers page](#) where you can invite speakers to your event.

You can:

- Reorder speakers using the **six dots** to the left
- Show or hide speakers using the **eye** icon
- Remove speakers using the **trash** icon
- Set speaker permissions to **Simple speaker** or **Advanced speaker**

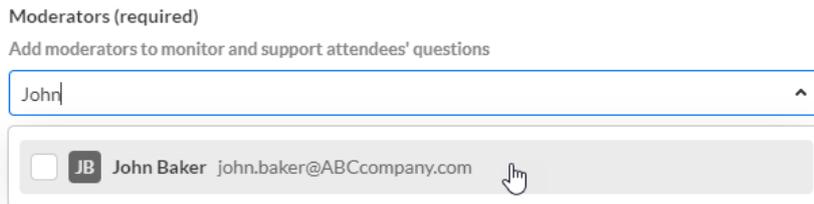

✓

- To see a list of all available speakers, leave the Speakers field empty. You can browse the list and click to select speakers.
- Speakers are displayed on the event agenda in the same order you select them here.
- Click outside of the Speakers area to see the speaker line up.

Moderators (required)

To add moderators to this session, start typing the name of a user who has been assigned a Moderator role, and select the moderator from the list.

Moderation app

Use the moderation app to manage live interaction during the session.

Share chat moderation app with your moderators

Share a link with your moderators to manage and support attendees during the session through our chat moderation app.

[Go to app](#) [Copy app link](#)

- Click **Go to app** to open the moderation app.
- Click **Copy app link** to share access with moderators

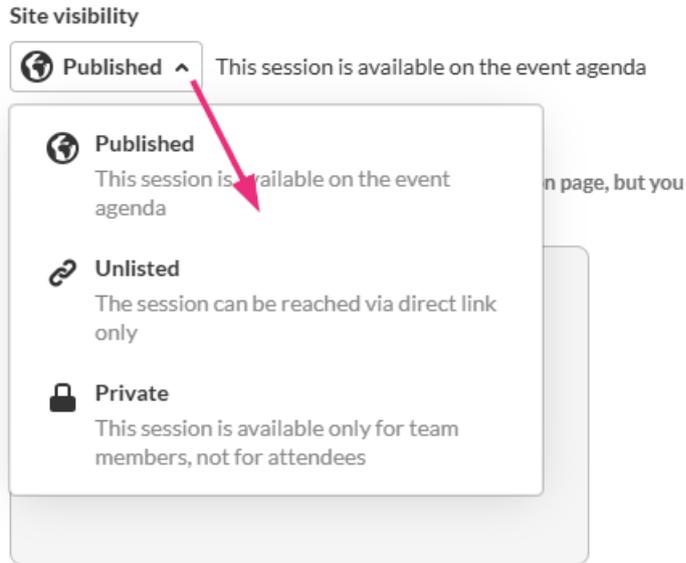

The moderation app supports:

- Q&A management
- Polls
- Public and private chat moderation

Site visibility

Choose one of the following options from the drop-down menu:

- **Private** – Visible to team members only
- **Unlisted** – Accessible via direct link only
- **Published** – Visible on the event agenda

Certification

Click the check box if you would like to assign this session to your Continuing Professional Education (CPE) program.
