

Global search - Theming

Last Modified on 02/15/2025 11:16 am IST

 This article is designated for all users.

About

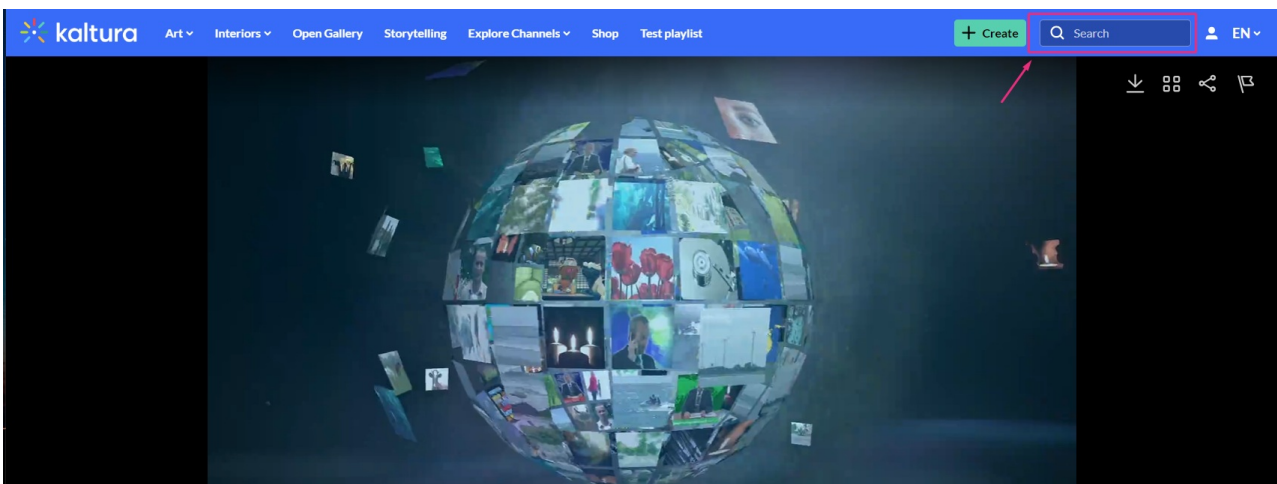

Welcome to our global search page! Easily find what you're looking for with accurate results and refine your search using intuitive filters. Our search function is designed to help you explore content efficiently, and uncover relevant information across the site.

The global search page is set up by your system administrator through the [Search module](#) and the **globalsearch** feature in the [Theming module](#).

How to perform a search

The global search page can be reached from the top right of your video portal navigation bar by either entering a search term and pressing enter or by clicking in the search field then pressing **Enter** on your keyboard.

You can also go directly to the global search page using the following URL:

https://{your_KMS_URL}/search?

The **title and description (1)** of the media are displayed next to the thumbnail.

On the thumbnail, a small icon indicates what type of media it is. If no icon is present, it's a video.

Found in (2) - Keywords located in metadata fields other than the title or description appear below the media description. Hover over them to view details. The available metadata fields include:

- **Tags** - Displays keywords found in the media's tags.

Cvent compete review
Compete review: CVENT Q4 2023
🔖 4 Tags 🗣️ 2 Captions

🔖 1 Tag

complaints
registration
things
pricing

- **Details** - Custom fields beyond standard metadata.
- **Quiz** - Results from quiz questions and answers.
- **Chapters, Slides, Comments, Captions** - Key content elements where keywords are detected.

Scheduled (3) is displayed for Live, VOD, Kaltura Meetings, Simulive, and Webcast entries.

Each metadata type is clickable. For example, click the media title or thumbnail to go to the media page, or click '2 Chapters' to view up to five keyword locations (click again to close). For time-based metadata, a number shows the keyword's position on the timeline; clicking it starts the video at that point.

Explore

If more than five keywords are found, the **Explore** link appears. Click it to open a sidebar showing all keyword locations and additional entry details, like Owner, Creation Date, and Views.

The screenshot shows the Kaltura search results page. At the top, there is a search bar with the query 'Customer' and 324 results found. On the left, there are filters for 'Sort by' (Relevance, Creation date, Update date, Alphabetically - A to Z, Views, Plays, Likes, Comments, Webcast start date, Webcast end date) and 'Media type' (All media, Video, Quiz, Audio). The main content area displays four search results, each with a thumbnail, title, description, and metadata (Tags, Captions, Slides, Chapters). The first result, 'Enterprise customer tell their story', has an 'Explore' button highlighted with a red box. To the right of the search results, a sidebar is open, showing a video player for the first result and a 'Go to media' button. The sidebar also displays the video title, author (Eric Grant), creation date (September 12, 2022), and view count (1.4 K Views). A 'Close' button is located at the top of the sidebar.

Click the **Go to Media** button to navigate directly to the content.

Click **X Close** at the top of the side bar to collapse the results.

Channel and gallery results

Channel and gallery results are displayed below the first three media results (only on the first page). If there are no channel or gallery results, you won't see those components on the page.

Unlisted and **Private** media will not appear in channel searches. By definition,

these media entries remain hidden from search visibility.

Your administrator can choose whether to display or hide the channels / gallery results on the global search page in the [Search](#) module.

The top results are displayed. Click **See All** to access the Channels page or Galleries page.

If no results are returned, a **No matching results found** page displays, showing three of the most searched terms from the past six months.
