Narrow your search

1. To narrow your search results, click the gear icon th for a list of **advanced search** options.

The following advanced search options are available:

- All fields and metadata, including the captions This is the default selection and is a global search. You can exclude captions from the search by unchecking the 'Include Captions' box, for example, if someone's name or a word is only related to an entry because it is in the caption file content or the caption file name, results will not be rendered.
- Entry Name
- Description
- Tags
- Owner
- Co-Editor
- Co-Publisher
- Captions
- Entry ID
- Entry Creator ID
- 2. Choose the options, then click **Apply**.

Some sample use cases may be:

A user wants to bulk add or remove a user as a co-editor (or co-publisher or coviewer) to some media.

A user is leaving and wants to reassign ownership of all their media.

A user wants to find a specific Title (e.g. Joe_Monday_v2) and is searching for "Joe"*

A user needs to audit all of the content they own (as the owner).

An admin wants to find an exact match by comma separated entry IDs to perform a bulk actions on these.

Filter

You can use the **Filter Categories** function to filter search results. The results render instantly on the left with the number of entries displayed at the top left.

Categories represent all the different applications that are connected to this KMC account.

1. Click the arrow to open the drop-down menu.

P. Filter Categories 🗸

2. Select the category you want from the list. You can also expand the category to see more options by clicking the arrow head.

The filter you chose displays in a blue box to the left.
