About

You can easily delete one or more media entries you've uploaded to Kaltura Management Console.

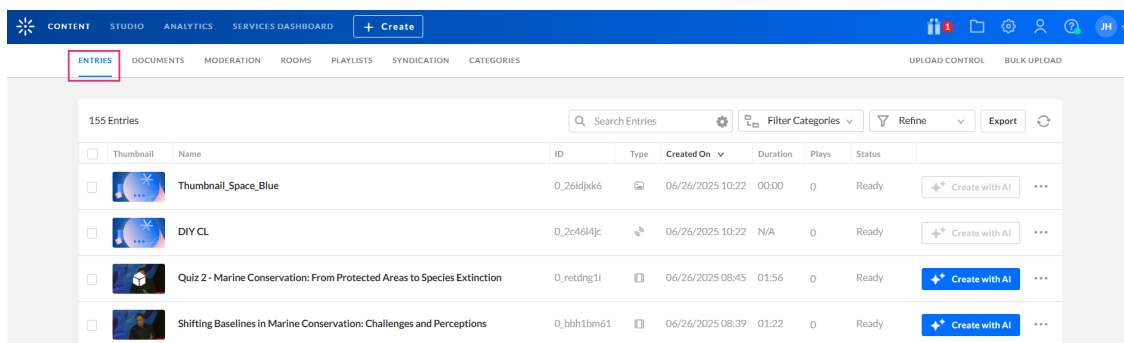

If you want to replace a video while keeping its analytics and metadata, see [Replace videos in KMC](#).

Delete media

1. Log into your KMC.

The **Entries** page displays by default.

The screenshot shows the KMC interface with the 'ENTRIES' tab selected. The table displays 155 entries with columns for Thumbnail, Name, ID, Type, Created On, Duration, Plays, and Status. The first four entries are visible:

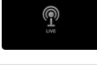

Thumbnail	Name	ID	Type	Created On	Duration	Plays	Status	
	Thumbnail_Space_Blue	0_26idjxk6		06/26/2025 10:22	00:00	0	Ready	 ...
	DIY CL	0_2c464j4c		06/26/2025 10:22	N/A	0	Ready	 ...

2. Check the checkbox(es) next to the entry(ies) you want to delete.

The **trash can icon** displays at the top of the table.

3. Click the trash can icon.
